

CURRICULUM VITAE OF PROFESSOR KHANDKER NURUL HABIB

DEPARTMENT OF CIVIL & MINERAL ENGINEERING UNIVERSITY OF TORONTO

PART 1 – RANK AND PERSONAL INFORMATION; ACADEMIC, EMPLOYMENT, AND FUNDING HISTORY	2
RANK AND PERSONAL INFORMATION	2
ACADEMIC HISTORY	2
ADVANCED TRAINING	2
EMPLOYMENT HISTORY	2
PROFESSIONAL PRACTICE	3
EDITORIAL/SCHOLARLY WORKS	4
PROFESSIONAL / ACADEMIC AFFILIATIONS	5
ACADEMIC ACHIEVEMENTS AND AWARDS	6
INVITED PRESENTATIONS / LECTURES / SPEECH.....	7
GRANTS, CONTRACTS, AND OTHER FUNDING CURRENTLY HELD AND COMPLETED	11
PART 2 – RESEARCH PRODUCTS	11
REFEREED JOURNAL ARTICLES (Underlined names indicate student co-authors)	24
Journal Papers Published or in Press:	24
Refereed Journal Submissions under Review:	37
Refereed Journal Submissions under Preparation (core work done-writing underway):	37
BOOK CHAPTERS	37
CONFERENCE PAPERS (Underlined names indicate student co-authors).....	38
Papers in Refereed Conference Presentations – CD or Proceedings (Full paper is peer reviewed).....	38
Abstracts in Refereed Conference Presentations – CD or Proceedings (Only abstract is peer reviewed)	53
TECHNICAL REPORTS – OTHER CONTRIBUTIONS (Underlined names indicate student co-authors)	62
Recent Professional Reports:	62
Other Publications (Theses):	68
PART 3 – TEACHING AND SUPERVISION	69
TEACHING EXPERIENCE	69
HIGHLY QUALIFIED PERSONNEL (HQP) SUPERVISION	70
Current Ph.D. Students:	70
Completed Ph.D. Students:	71
Post-Doctoral Fellows:.....	72
Current M.A.Sc. Students:	73
Completed M.A.Sc. Students:.....	73
Completed M.Eng./MSc. Students:.....	75
Completed M.Eng. Students:	75
Current Undergraduate Thesis Students:	77
Completed Undergraduate Thesis Students:	77
Undergraduate (UG) Research Analysts/Assistants (RA):	79
Postgraduate (PG) Research Associates:	82
Completed Research Mentoring for Galbraith Society:	83
AWARDS RECEIVED BY MY CURRENT AND PAST HQPS	84
PART 4 – SERVICES	84
UNIVERSITY ADMINISTRATIVE POSITIONS.....	84
EXTERNAL PROFESSIONAL ORGANIZATION/GROUPS.....	87
CONFERENCE / WORKSHOP ORGANIZATION	88
PEER REVIEWING PROJECT PROPOSALS AND COMPETITION APPLICATIONS	90
PEER REVIEWING JOURNAL PAPERS & BOOK PROPOSALS:	90

PART 1 – RANK AND PERSONAL INFORMATION; ACADEMIC, EMPLOYMENT, AND FUNDING HISTORY

RANK AND PERSONAL INFORMATION

Rank: Professor

Status: Tenured

SGS Status: Full Member

Personal: Born in 1976 in Bangladesh. Married, and 1 child.

Citizenship: Canadian

Addresses:

Office

35 St. George Street

Toronto, ON

M5S 1A4

Tel (office): (416) 946-8027

Tel (cell): (647) 965-7705

Fax: (416) 978-5054

Email: khandker.nurulhabib@utoronto.ca

ACADEMIC HISTORY

- Ph.D. (June 2007)– Univ. of Toronto, Dept. of Civil Engineering; Thesis Title – *Modelling Activity Generation Processes*
- Masters of Applied Science and Engineering (June 2002), Bangladesh Univ. of Engineering & Technology, Dept. of Civil Engineering; Thesis Title – *Evaluation of Planning Options to Alleviate Traffic Congestion and Resulting Air Pollutions in Dhaka City*
- Bachelor of Civil Engineering (June 2000) – Bangladesh Univ. of Engineering & Technology, Dept. of Civil Engineering; Thesis Title – *Modelling Flat Plate Building Structures under Lateral Loads*

ADVANCED TRAINING

- Post Doctoral Fellow June 2007–April 2008, Joint Program in Transportation, University of Toronto

EMPLOYMENT HISTORY

- Percy Edward Hart Professor in Civil & Mineral Engineering. July 2019-July 2022
- Professor, Dept. of Civil Eng., Univ. of Toronto. July 2020-Present
- Associate Professor, Dept. of Civil Eng., Univ. of Toronto. July 2015-Present
- Visiting Senior Professor, Institut de l'énergie Trottier, Montreal, Canada. Sept. 2016-Jul. 2017

- Associate Professor (Status-only), Département des Génies Civil, Géologique et des Mines, Polytechnique Montréal. Sept. 2016-Sept. 2017
- Asst. Professor (Status-only), Faculty of Forestry, Univ. of Toronto. Dec 2012-Nov 2015
- Asst. Professor, Dept. of Civil Eng., Univ. of Toronto. May 2010–June 2015
- Visiting Asst. Professor, Civil Eng., Univ. of Concepcion, Chile. Mar. 2008–Aug. 2008
- Asst. Professor, Dept. of Civil and Env. Eng., Univ. of Alberta. Apr. 2008–April 2010
- Research Associate, Dept. of Civil Eng., Univ. of Toronto. June 2007–Mar. 2008
- Special Lecturer, Dept. of Civil Eng., Univ. of Toronto. Sept. 2007–Dec. 2007
- Special Lecturer, Faculty of Geography (Scar), Univ. of Toronto. Jan. 2005–Apr. 2005
- Graduate Research Assistant, Dept. of Civil Eng., Univ. of Toronto. Sept. 2003–June 2007
- Asst. Professor, Civil Eng., Bangladesh Univ. of Eng. & Tech. Jan. 2003–Aug. 2003
- Lecturer, Civil Eng., Bangladesh Univ. of Eng. & Tech. June 2000–Dec. 2002
- Res. Fellow, Accident Res. Centre, Bangladesh Univ. Eng. & Tech. Sept. 2002–Aug. 2003
- Consultant, Bureau of Res., Test. and Consult., Bangladesh Univ. of Eng. & Tech. June 2000–Aug. 2003

PROFESSIONAL PRACTICE

Date	Position	Company
2023-Present	Consultant/Sub-Contractor as the Director of Transportation Systematics	CIMA+
2017-Present	Director/Advisor	Transportation Systematics Inc.
2016-Present	Independent Consultant (Subcontractor)	ADVANIS Inc., Ernst & Young, OPTIMUS SBR, Alberta Transportation, Stantec, Malatest
2014–2015	Independent Consultant (Subcontractor)	AECOM, Pillar Systems
2012–2013	Independent Consultant (Subcontractor)	CIMA+
2012	Independent Consultant (Subcontractor)	Clifton Associates
2011–2012	Independent Consultant (Subcontractor)	Lee-Gosselin Associates
2010–Present	Independent Consultant (Subcontractor)	IBI Consulting
2010–2011	Independent Consultant (Subcontractor)	Ernst & Young
2009–2010	Independent Consultant (Subcontractor)	ISL Engineering
2009–2010	Independent Consultant (Subcontractor)	City of Edmonton

Some Recent Consulting Projects:

- *Assessment and Gap Analysis of the Activity-based Travel Demand Model Developed for the City of Vaughn (The Vaughn Travel Demand Model: VDTM), with CIMA+ as a Sub-Contractor to Parsons for the City of Vaughn, 2024*
- *Evaluation of Right Turn Channels & Left-turn Calming, with CIMA+ for the City of Toronto, 2023-2024*
- *Highway 401 Quinte West – Planning and Preliminary Design Environmental Impact Assessment - Future Traffic Demand Methodology with CIMA+ for the Ministry of Transportation Ontario, 2023*

- *Brantford Municipal Expansion Environmental Impact Assessment* with CIMA+ for the City of Brantford, Ontario, 2023-2024
- *Halton Region Transportation Master Plan: Integrated Transportation and Regional Plan* with CIMA+ for the Region of Peel, Ontario 2022-2023
- *Peel Region Long-Term Traffic Growth Forecasting* with CIMA+ for the Region of Peel, Ontario 2021-2023
- *TRANS 2020 Origin-Destination Household Travel Survey* with Malatest for the National Capital Region, Ottawa, 2020-2023
- *Yonge-Eglinton Transportation Assessment* with Stantec for the City of Toronto 2017-2018
- *Off-Road and Motorized Snow Vehicle Survey* with CIMA+ for Ministry of Transportation Ontario, 2012–2013.
- *Congestion Management Strategies for the Province of Alberta* with Clifton Associates for Alberta Government, 2012. This project won the 2013 Alberta Minister’s Award.
- *Transport 2045 Foundational Research Professional Services: 2012 Park & Ride Survey* with IBI Group for TransLink BC, 2011–2012.
- *West Coast Express Demand Forecasting: Stated Preference Survey Design and Mode Choice Modelling* with IBI Group for TransLink BC, 2011–2012.
- *Changing Practices in Data Collection on the Movement of People* with Lee-Gosselin Associates for the Transportation Association of Canada (TAC), 2011–2012.
- *Long-term Passenger Ridership and Revenue Forecasting Models for VIA Rail* with Ernst & Young for Transport Canada, 2009–2010.
- *Regional Travel Demand Modelling Review* with ISL Engineering for the City of Edmonton, 2009.
- *Speed Limit Reduction on Residential Roads* for the Office of Traffic Safety for the City of Edmonton, 2010.

EDITORIAL/SCHOLARLY WORKS/APPOINTMENTS

- Editor of *Transportation Research Records: Journal of Transportation Research Board* (Sage): Jan 2020-Jan 2026
- Member of the Editorial (Advisory) Board of
 - *Transportation* (Springer): Jan 2019-to date
 - *Transportmetrica-Part A* (Taylor & Francis): Jan 2019-to date
 - *Transportation Letters* (Taylor & Francis): Aug 2016-to date
 - *Transportation Research Records: Journal of Transportation Research Board*: Jan 2020-to date
- Associate Editor of *Transportation Letters* (Taylor & Francis): April 2017-Aug 2020
- Paper Review Committee Co-Chair of *ADB10: Travel Behaviour and Values Committee* of Transportation Research Board (TRB) & of *Transportation Research Records*
 - 100th Annual Meeting of TRB, 2021
 - 99th Annual Meeting of TRB, 2020
 - 98th Annual Meeting of TRB, 2019
 - 97th Annual Meeting of TRB, 2018
 - 96th Annual Meeting of TRB, 2017

- 95th Annual Meeting of TRB, 2016
- Guest Editor
 - *Transportation Planning and Technologies* (Taylor & Francis) 2025 Special Edition on the Selected Articles from 17th Conference of the International Association of Travel Behaviour Research. Published in December 2025.
 - *Transportation* (Springer) Special Edition on 95th Annual Meeting of Transportation Research Board, 2015.
 - *Transportation Research Part B: Methodology* (Elsevier) 2013 Special Edition on the Selected Articles from 13th Conference of the International Association of Travel Behaviour Research. Published in December 2013.
- Committee Research Coordinator (CRC) of the standing committee, ADB10: Travel Behavior and Value of Transportation Research Board, the National Academies of Science, Engineering and Medicine: 2016-2021

PROFESSIONAL / ACADEMIC AFFILIATIONS / LEADERSHIP

- S1. Member at large, CSCE Board of Directors: April 2024-April 2025
- S2. Chair of the Standing Committee, AEP30: Traveler Behavior and Values, Transportation Research Board, National Academies of Science, Engineering and Medicine, The United States of America. April 2021-April 2026
- S3. Member, Zephyr Foundation, a foundation with a mission to advance rigorous transportation and land use decision-making for the public good by advocating for and supporting improved travel analysis and facilitating its implementation: July 2022-Present
- S4. Licensed Professional Engineer, Professional Engineers Ontario (PEO) & membership number is 100123085: 2010–Present.
- S5. Ontario Society of Professional Engineers (OSPE)
- S6. Member of the Canadian Society of Civil Engineering (CSCE)
- S7. Member of the Transportation Research Board (TRB)
- S8. Member of Standing Committees of Transportation Research Board, National Academies of Science, Engineering, and Medicine, Washington DC:
 - AEP00-Transportation Planning and Analysis: 2021–2025
 - AEP30-Traveler Behavior and Values: 2021–2025
 - ADB10-Traveler Behavior and Values: 2014–2020
 - ADB20-Telecommunication and Traveler Behaviour: 2010–2020
 - ADB40-Travel Demand Forecasting: 2019–2020
 - AEP50-Travel Demand Forecasting: 2020–2023
- S9. The University of Toronto Representative to the TRB: 2012–Present
- S10. The University of Alberta Representative to the TRB: 2008–2010
- S11. Student Chapter (University of Toronto) Faculty Advisor: Institute of Transportation Engineers (ITE): 2012–2015
- S12. Student Chapter (Univ. of Alberta) Faculty Advisor: Institute of Transportation Engineers (ITE): 2008–2010
- S13. Faculty Member of Galbraith Society of Engineering Student Mentorship Program, University of Toronto: 2012–Present
- S14. Member of the Transportation Association of Canada (TAC): 2010–Present

- S15. Member of the International Association of Travel Behaviour Research (IATBR): 2006–Present
- S16. Member of the Canadian Transportation Research Forum (CTRF): 2006–Present
- S17. Member of World Society for Transportation and Land Use Research (WSTLUR): 2013–Present
- S18. Member of Regional Science Association International (RSAI): 2004–Present
- S19. Licensed Professional Engineer, The Association of Professional Engineers and Geoscientists in Alberta (APEGA): 2009–2010

ACADEMIC ACHIEVEMENTS AND AWARDS

- 2023 world’s top 2% scientist (by Elsevier, Scopus) list with the position of 209th among the researchers in Logistics & Transportation from 1960 to 2020
- 2022 world’s top 2% scientist (by Elsevier, Scopus) list with the position of 240th among the researchers in Logistics & Transportation from 1960 to 2020
- 2021 world’s top 2% scientist list (by Stanford University) with the position of 306th among the researchers in Logistics & Transportation from 1960 to 2020
- 2021 Jim Davey Award for the Best Student (Ph.D. Category) Co-authored paper by the Canadian Transportation Research Forum (CTRF)
- 2020 Sandford Fleming Award from the Canadian Society of Civil Engineering.
- 2020: ‘Certificate of Appreciation for coordinating the paper review processes of the Travel Behaviour and Values Committee (ADB10)’ from Transportation Research Board, Washington DC.
- 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, and 2023 Dean’s Special Merit Pool Award, Faculty of App. Science & Eng., Univ. of Toronto
- 2019-2022: ‘Percy Edward Hart Early Career Professorship’, Awarded by the Faculty of Applied Science and Engineering, University of Toronto
- 2019 ‘Certificate of Appreciation for coordinating the paper review processes of the Travel Behaviour and Values Committee (ADB10)’ from Transportation Research Board, Washington DC.
- 2018 Certificate of Outstanding Contribution in Reviewing for the Journal of Transportation Research Part D: Transport and Environment, Elsevier
- 2018 Certificate of Appreciation for coordinating the paper review processes of the Travel Behaviour and Values Committee (ADB10)’ from the Transportation Research Board, Washington DC.
- 2016 Trottier Fellow (Transport Energy), Institut de Energie Trottier, Canada
- 2016 ‘Certificate of Appreciation for coordinating the paper review processes of the Travel Behaviour and Values Committee (ADB10)’ from Transportation Research Board, Washington DC.
- 2013 Minister’s Award for Transport (Process) Innovation, Alberta Ministry of Transport.
- 2012 Educational Achievement Award, Transportation Association of Canada
- 2012 Early Researcher Award, Ontario Ministry of Economic Development and Innovation
- 2012 Outstanding Paper Award in Freight Transp., Transp. Res. Board, USA
- 2009 Pyke Johnson Award, Transp. Res. Board, USA
- 2008 Eric I. Pas Award (Honorable Mention), Intl. Assoc. of Travel Behaviour Research

- 2006 Michael von Aerde Award, Canadian Institute of Transportation Engineering
- 2006 Bombardier Ian Bowland Award, Canadian Transportation Research Forum

INVITED PRESENTATIONS / LECTURES / SPEECH

50. Invited Presentation, “Charting the Course: Navigating Post-Pandemic Mobility Transitions”, a University of Toronto and Singapore Management University Joint Workshop on Post-Pandemic Urban Systems. Organized by Climate Positive Energy, University of Toronto. May 23 (online), 2024
49. Invited Presentation, “Transit Modelling”. Ontario Traffic Council Transport Modelling Symposium. April 12, 2024, Toronto
48. Invited Presentation, “Innovations in Travel Demand Modelling: Modelling Methodology to Data Collection”, the Next Generation Transportation Systems (NGTS) seminar series in the CEE department at the University of Michigan. February 22, 2024 (Virtual)
47. Invited presentation, “Travel Demand Modelling: Trip- vs. Activity-based”, CIMA+, Burlington, Ontario, Jan 19, 2024
46. Invited presentation in a workshop on “What is Travel Analysis and Planning Research? Moving beyond the Academic-Practitioner Split”. Conference on Innovations in Travel Analysis and Planning. Indianapolis, USA, June 4-6, 2023
45. Invited presentation on “Investigating the Impacts of Covid-19 on Post-Pandemic Transit Demand” Transit Analytics Lab, University of Toronto Mobility Network. Wednesday, July 6, 2022.
44. Invited presentation on “COVID-19 Impacts on Household Travel Demands”. Presented at the TRB Travel Survey Methods Committee– Household Survey Subcommittee 2022 Annual Meeting, Wednesday, January 26, 4:30 pm Paris Time/11 am Eastern Time
43. Invited presentation on “Use of Passively Collected Data to Model Transit Demand”, Transit Analytics Lab (TAL) Research Day, July 6, 2021. Toronto.
42. Invited expert discussion on “Effects of COVID-19 Lockdown on Daily Activity Travel Scheduling Behaviour”. 100th Annual Meeting of Transportation Research Board. January 5, 2021, Washington DC (Virtual).
41. Invited expert discussion on “Travel Modeling for New Applications: New Methods for Capturing a Change in Perspective”. 99th Annual Meeting of Transportation Research Board. January 14, 2020, Washington DC.
40. Invited expert discussion on “Sharing Economy and its Impacts”. 99th Annual Meeting of Transportation Research Board. January 14, 2020, Washington DC.
39. Invited panel Expert on “TransformTO Reference Panel” on Climate Action. Invited by the Energy and Environment Division of the City of Toronto, Aug 17: 1 pm – 3 pm at the Toronto City Hall, June 26, 2019.
38. Invited Guest Speaker on “Choice of using Bicycle and the Heteroskedastic Polized Logit Model for Modelling Mode choices including Minor Modes” for the “Super Awesome Science Show” podcast of Global News. Aug 19, 2019
37. Invited presentation on “Measuring Impacts on Demands for Transportation” for the Workshop on “Transformative Transportation” Invited by UTTRI Steering Committee. Toronto, June 26, 2019.

36. Invited presentation on “The Futures of Travel Survey Research” Invited by Transportation Information Steering Committee of the Ministry of Transportation Ontario. Toronto, Dec 04 2018.
35. Invited presentation on “The Future of Household Travel Surveys for Passenger Travel Demand Data: Lessons from the TTS2.0 Project” Invited by Ministry of Transportation Ontario. Toronto, Nov 14 2018.
34. Invited presentation on “Continuous Research and Development on Passenger Travel Data Collection: the TTS2.0” Invited by Ministry of Transportation Ontario. Toronto, May 14 2018.
33. Invited lectures on (4 presentations) “Public Transit Planning and Modelling” Invited by Alberta Ministry of Transportation. Edmonton, March 27 and 28, 2017. Topics:
 - a. Transit ridership forecasting models
 - b. The four-stage depiction of the multimodal transportation system
 - c. User’s perspective of transportation system performance
 - d. Travel surveys for evidence-based investigation
32. Invited lectures (4 presentations) on “Econometrics for Evidence-Based Transportation Demand Analysis” Invited by Département des génies civil, géologique et des mines Polytechnique Montréal. Montreal, March 14, 2017. Topics:
 - a. Evidence-based analysis, econometric model, and parameter estimation
 - b. Aggregate demand forecasting models
 - c. Disaggregate demand forecasting models
 - d. Advanced choice models and Stated Preference surveys
31. Invited presentation on “TTS2.0 Survey Methods R &D Program for the GGH” Invited by Agence Métropolitaine de Transport (AMT) Montreal, Montreal, February 1, 2017
30. Invited presentation on “Continuous Household Travel Surveys as an Alternative to Crossectional Household Travel Surveys” Invited by Agence Métropolitaine de Transport (AMT), Montreal, February 1, 2017
29. Invited presentation on “Modelling Demands for Transportation Energy: Application and Scope in Transportation Planning”. Invited by Au nom du Pôle-E3 de HEC Montréal. Montreal, January 31, 2017
28. Invited presentation on “Capturing, Measuring and Response to Changes that Influence the Demand for Transportation and Travel behaviour”. Invited by Institut de Energie Trottier, Montreal. Montreal, December 1, 2016
27. Invited presentation on “A Comprehensive Utility Maximizing System of Travel Option Modelling: Modelling Passenger Travel Demand the Way It Should Be”. Invited by Département des génies civil, géologique et des mines Polytechnique Montréal. Montreal, November 29, 2016
26. Invited presentation on “An Econometric Investigation of the Influence of Transit Passes on Transit Users’ behaviour in Toronto” Invited by CIRRELT of University de Montreal. Montreal, November 3, 2016
25. Invited presentation on “TTS2.0 R&D Project: Developing Comprehensive Data Program for Passenger Travel Demand”. Invited by the Transportation Information Steering Committee (TISC) at the Kick-off Meeting of Transportation Tomorrow Survey 2016, Ministry of Transportation Ontario, Toronto, May 11, 2015.

24. Invited presentation on “Sample Size Determination for the Household Travel Surveys: The Case of TTS in GTHA”. Invited by the Transportation Information Steering Committee (TISC), Ministry of Transportation Ontario, Toronto, September 21, 2015.
23. Invited presentation on “Development of Travel Demand Management Evaluation Tool”. The annual meeting of the Travel Demand Management Coordination Committee (TDMCC) of Ontario. Metrolinx Office in Toronto. Toronto, September 08, 2015
22. Invited presentation on “Practices of Sample Sizes of Household Travel Surveys: Review of Current Practices”. Organized by the Transportation Information Steering Committee (TISC), Ministry of Transportation Ontario, Toronto, June 22, 2015.
21. Invited lecture on “Pilot Testing for Improved Household Travel Surveys”. Organized by the Data Management Group (DMG, who maintain the Transportation Tomorrow Survey), University of Toronto, Toronto,, June 19, 2015.
20. Invited lecture on “Sample Surveys for Household Travel Surveys”. Organized by the Transportation Information Steering Committee (TISC), Ministry of Transportation Ontario, Toronto, May 4, 2015.
19. Invited lecture on “Survey methods 101: Overview of key survey methodological issues that must be addressed in any data collection effort” for a workshop on “Travel survey methods issues and options for the Greater Golden Horseshoe”. Organized by the Data Management Group ((DMG) who maintain the Transportation Tomorrow Survey), University of Toronto, Toronto, October 3, 2014.
18. Invited lecture on “Travel demands of older people: Facts and reality buried under aggregate picture” for Transportation 2014 Lecture Series of Transportation Association of Canada, Toronto, June 18, 2014.
17. Opening Key Note Address on “Advanced in modelling methods and costs of status quo”. 1st Research Day of UTTRI, Toronto, Canada. Toronto, November 25, 2013.
16. Invited for discussion on “Academic research on carsharing” in the scientific committee meeting of Shared Vehicle Mobility and Public Transit: Partner for the 21st Century Conference of Carsharing Association, Toronto, September 16, 2013.
15. Invited Webinar: “Application of choice models for informed transportation planning and decision making” for National Course on Transportation, Sponsored by CITE, March 14, 2013.
14. Invited presentation “Capturing heterogeneity in choice models: Absolute versus relative heterogeneity” for Journées de l’Optimisation: 2012 Optimization Days. HEC, Montreal, Canada, May 7–9, 2012.
13. Invited presentation “Overview of the recent advances in choice modelling”. Paper presented at the workshop on recent advances in choice modelling. Presented at the 91st Annual Meeting of Trans. Res. Board, Washington DC, January 22–26, 2012.
12. Invited webinar “Application of choice models for informed transportation planning and decision making” for National Course on Transportation sponsored by CITE (The group of lecturers conducting this course is awarded the TAC Educational Achievement Award 2012), February 2, 2012.
11. Roundtable discussion participant “Hubs and spiderwebs: Integrated transit for Canadian cities”. Hosted by ReNew Canada, Thales, and Arup at Toronto Board of Trade, Toronto, Canada, September 12, 2011.
10. Panelist “Light rail and bus rapid transit: Do they drive local economic development?”. Translog Conference, Hamilton, Canada, June 15, 2011.

9. Invited speaker “TDM evaluation: Evidence-based approach”. GTHA TDM Coordinating Committee Meeting, Toronto, March 23, 2011.
8. Guest speaker “Transit-oriented development: Challenges and opportunities in Ontario places to grow plan”. Urban Studies Program, Innis College, University of Toronto, Toronto, Canada, March 22, 2011.
7. Guest speaker “Modelling spatial location choice”. Graduate course on Transportation and Development (CIV 1535), University of Toronto, Toronto, Canada, March 3, 2011.
6. Invited speaker “Advances in econometric choice modelling: Application in activity-based travel demand modelling”. Department of Civil Engineering, the State University of New York at Buffalo, Buffalo, USA, November 12, 2010.
5. Invited speaker “Application of econometrics in time use modelling”. Department of Civil Engineering, University de Chile, Santiago, Chile, August 15, 2008.
4. Invited speaker “Modelling trip timing and mode choice”. Department of Civil Engineering, University de Concepcion, Concepcion, Chile, August 18, 2008.
3. Invited speaker “Why do some people still use transit”. CSCE-ITE-University of Alberta joint Workshop on Sustainable Transportation, Edmonton, Canada, March 15, 2009.
2. Invited speaker “Transportation engineering and planning: Critical research frontiers”. ITE North Alberta Section Annual Luncheon, Edmonton, Canada, October 15, 2008.
1. Invited speaker “Hazardous road location program: Identification and countermeasures”. The second workshop of Accident Research Centre (ARC), Bangladesh University of Engineering and Technology, Dhaka, Bangladesh, December 23, 2003.

GRANTS, CONTRACTS, AND OTHER FUNDING CURRENTLY HELD AND COMPLETED

	Number-Currently Held	Number-Completed	Total Cash Value: Currently Held	Total Cash Value for my Research Group: Currently Held	Total Cash Value: Completed	Total Cash Value for my Research Group: Completed
Research Grants	9	36	\$7,762,450	\$615,000	\$7,249,416	\$1,774,115
Research Contracts	3	19	\$1,549,708	\$80,000	\$4,093,549	\$1,573,832
Total	12	55	\$9,312,158	\$695,000	\$11,342,965	\$3,347,947

#	Funding Source/Agency	Funding Type	Title of the Project	Total Cash Value	Total Cash Value for my Research Group	From-Year	To-Year	Role	Status
1	City of Toronto, TTC and Region of York	Contract	Evaluating Weeklong Activity-Travel Dynamics Using Weeklong GPS-based Travel Survey Data in the Toronto and York Region	\$60,000	\$60,000	Sep-24	Oct-25	PI	On-going
2	SSHRC Partnership Grant	Grant	Mobilizing Justice: Towards Evidence-Based Transportation Equity Policy	#####	unknown	Apr-21	Apr-26	Co-A	On-going

3	ORF Research Excellence Round 10	Grant	iCity 2.0: Urban Data Science for Future Mobility	#####	\$128,000	Mar-21	Mar-25	Co-I	On-going
4	Town of Oakville	Contract	Towards Integrating Micromobility in the Transportation System of the Town of Oakville	\$50,000	\$50,000	Sep-23	Aug-24	PI	Completed
5	City of Toronto	Contract	i-City CATTS: Building the Analytical Foundation	\$200,000	\$40,000	May-20	May-24	Co-PI with A Shalaby	On-going
6	Region of York	Contract	i-City CATTS: Building the Analytical Foundation	\$200,000	\$40,000	May-20	May-24	Co-PI with A Shalaby	On-going
7	Region of Peel	Contract	i-City CATTS: Building the Analytical Foundation	\$200,000	\$40,000	May-19	May-24	Co-PI with A Shalaby	Completed
8	FASE, UofT	Dean's Strategic Fund	Positive Zero Transport Futures: A living lab approach enabling transport innovations with zero emissions and positive social outcomes	\$300,000	\$30,000	Apr-22	Mar-24	CO-I	On-going

9	MTO + 7 other agencies	Contract	Shared Data Management Group Technical Services & Research	#####		Apr-22	Mar-24	CO-I	On-going
10	Climate Positive Energy and Climate Positive Campus Fund, UofT	Grant	Decarbonizing the UofT community: How can we enable more sustainable and equitable personal choices across the three campuses?	\$100,000	\$25,000	Apr-22	Mar-24	Co-A	On-going
11	SSHRC Insight	Grant	Transit, Telework, and Housing Markets: Investigating Locational Preferences for Transit-oriented Development in Pre- and Post-Pandemic Canadian Cities	\$99,900	\$45,000	Apr-22	Mar-24	Co-A	On-going
12	Infrastructure Canada	Grant	The Road to Net Zero	\$837,600	\$80,000	Apr-22	Mar-24	Co-A	On-going

13	NSERC Discovery Grant	Grant	Next-Generation Decision-Support Tool for Urban Transportation Planning: Accommodating on-Demand Mobility and Automated/Connected Automated Vehicle Systems	\$215,000	\$215,000	Mar-19	Mar-24	PI	On-going
14	NSERC Aliance	Grant	Automated and Transformative Transportation Systems - Building the Analytical Foundation	\$375,000	\$75,000	Mar-21	Mar-24	Co-PI with A Shalaby	On-going
15	Percy Edward Hart Endowment Fund, Faculty of Applied Science and Engineering, University of Toronto	Grant	Next-Generation Urban Transportation Demand Modelling System for the Era of Smart, Shared and Sustainable Mobility	\$225,000	\$225,000	Jul-19	Jul-23	PI	Completed
16	Translink	Grant	Assessing the Competition of Transportation Network Companies (TNC) and Public Transit in the Greater	\$50,000	\$50,000	Jan-21	Mar-23	PI	Completed

			Vancouver Region (GVR)						
17	NSERC Aliance	Grant	Assessing the Competition of Transportation Network Companies (TNC) and Public Transit in the Greater Vancouver Region (GVR)-Matching with TransLink	\$50,000	\$50,000	Jan-21	Dec-22	PI	Completed
18	SSHRC Knowledge Synthesis Grants- Mobility and Public Transit	Grant	An Integrated Approach to Transit System Evolution	\$29,860	\$7,465	Mar-21	Mar-22	Co-PI	Completed
19	SSHRC Partnership Development Grant	Grant	StudentMoveTO: From Insight to Action on Transportation for Post-secondary Students in the GTHA	\$195,934	\$34,100	Mar-18	Mar-22	Co-PI with R Mitra	Completed

20	MTO, City of Toronto, Region of Peel, Region of York, Durham, Halton, TTC and Metrolinx	Contract	COVid-19 influenced Households' Interrupted Travel Schedules (COVHITS) Survey: A 2-Cycle Revealed Preference Study in the Greater Toronto Area (GTA)	\$300,000	\$300,000	Sep-20	Dec-21	PI	Completed
21	Transportation Information Steering Committee (TISC)	Contract + Operating Grant	TTS 2.0 Research and Development Innovation program	\$740,000	\$290,000	Jan-19	Dec-21	PI with E Miller as Co-PI	Completed
22	Transportation Information Steering Committee (TISC)	Operating Grant	Shared Data Management Group Technical Services and Research 2019-2021	#####		Jan-19	Dec-21	Co-PI with E Miller	Completed
23	SSHRC Partnership Development Grant	Grant	Joint Quebec-California-Ontario Clean Climate Transport Research Partnership	\$195,950	\$17,000	Mar-18	Aug-21	Co-PI with M Purdon	On-going
24	Transportation Information Steering Committee (TISC)	Contract	Shared Data Management Group Technical Services and Research: The Data Management Group	#####		Jan-19	Dec-20	Co-PI with E Miller	Completed
25	Region of Peel	Contract	Developing a TDM Evaluation Tool for	\$70,000	\$70,000	Sep-19	Dec-20	PI	Cancelled

			Home-based TDM Policies						
26	Dean's Strategic Fund	Operating Grant	iCity Centre for Automated and Transformative Transportation system (iCity-CATTS)	\$435,000		May-17	Jul-20	Co-PI with B Abdulhai	Completed
27	Metrolinx	Contract	Using PRESTO for Travel Behaviour Investigation	\$42,000	\$42,000	Jul-19	Mar-20	PI	Completed
28	Transportation Information Steering Committee (TISC)	Operating Grant	Travel Modelling Group (TMG): R&D of Demand Modelling	\$720,000		Jan-16	Dec-19	Co-PI with E Miller	Completed
29	National Capital Region, Canada	Contract	Design of Survey and Data Collection Program for Active Mode in Ottawa	\$70,000	\$70,000	Mar-17	Nov-19	PI	Completed
30	MTO Highway Infrastructure Innovation Fund	Grant	Modelling Changes in Traffic Demand in the Context of Autonomous Vehicle Systems	\$45,000	\$450,000	Mar-18	Jun-19	PI	Completed
31	City of Toronto	Contract	City of Toronto Vehicle For Hire (VFH) Bylaws Review	\$99,784	\$25,000	Jan-19	May-19	Co-PI with E Miller	Completed

32	Ministry of Research & Innovation, Ontario Research Fund (ORF) Research Excellence Round 7	Grant	iCity: Urban Informatics for Sustainable Metropolitan Growth	#####		May-15	May-19	Co-I with PI E Miller	Completed
33	Transport Canada & CNIB	Grant	Understanding the impacts of connected and automated vehicles for pedestrians with sight loss-a policy framework	\$60,000	\$30,000	Sep-18	Mar-19	PI	Completed
34	NSERC Discovery Grant	Grant	Data augment for integrated activity travel demand microsimulation	\$140,000	\$140,000	Mar-14	Mar-19	PI	Completed
35	Transportation Information Steering Committee (TISC)	Contract + Operating Grant	TTS2.0: An R&D program to develop the next generation passenger travel survey methods for the Greater Golden Horseshoe	\$999,600	\$400,000	Jan-15	Dec-18	Co-PI with E Miller	Completed
36	Transportation Information Steering	Operating Grant	Shared Data Management Group Technical Services and	\$530,000		Jan-18	Dec-18	Co-PI with E Miller	Completed

	Committee (TISC)		Research: The Data Management Group						
37	Development Bank of Latin America	Contract	i-City South: An Integrated Data Collection and Travel Demand Framework for the City of Montevideo of Uruguay	\$105,000		Jan-16	Dec-18	Co-PI with E Miller	Completed
38	NSERC CRD with Stantec	Grant	Development of a Practical Tool to Assess Transportation Impacts of Urban Developments in Toronto	\$30,000	\$30,000	Jun-17	Aug-18	PI	Completed
39	MTO Highway Infrastructure Innovation Fund	Grant	Predicting Changes in Traffic Demand in the Context of Autonomous Vehicle Systems	\$68,750	\$68,750	Jun-17	Mar-18	PI	Completed
40	NSERC Engage with ARUP	Grant	Application of Discrete Choice Modelling for Quantifying Accessibility to Jobs by Transit in Toronto	\$25,000	\$25,000	Mar-17	Oct-17	PI	Completed

41	CFI Leaders Opportunity Fund and Ontario Research Fund	Operating Grant	Integ. Instrumented veh. lab. for on-road experiments	\$399,544		Mar-12	Mar-17	Co-PI with B Donmez	Completed
42	Metrolinx	Contract	Effectiveness of Employer-Based Travel Demand Management (TDM) Program: Evidence from SmartCommute Travel Survey Datasets	\$9,800	\$98,000	Sep-16	Dec-16	PI	Completed
43	Scout Environment	Contract	Evaluating Effects of Training on Driving Efficiency	\$8,000	\$8,000	Jan-16	Dec-16	PI	Completed
44	NSERC Engage-STANTEC	Grant	Developing Sidewalk Rating Model	\$25,000	\$2,500	Mar-16	Oct-16	PI	Completed
45	Metrolinx	Contract	Travel Demand and Pattern Analysis for Planning Transit Oriented Developments (TODs) and Mobility Hubs in the GTHA	\$95,000	\$47,500	Mar-15	Mar-16	Co-PI with A Shalaby	Completed
46	City of Edmonton	Contract	Continuous Travel Survey: Feasibility and Practicality	\$24,999	\$24,999	Mar-15	Mar-16	PI	Completed

47	Early Researcher Award-Ontario Ministry of Economic Development and Innovation	Grant	Modelling travel adaptation in case of increasing fuel cost	\$190,000	\$190,000	Mar-12	Mar-16	PI	Completed
48	NSERC Engage-PARADIGM Inc.	Grant	Modelling the Impacts of Employer-based TDM strategies on Daily Activity-Travel Demand	\$25,000	\$25,000	Jun-15	Dec-15	PI	Completed
49	NSERC Engage-ADVANIS	Grant	Modelling Home Location Choices in the GTHA	\$25,000	\$25,000	Mar-15	Oct-15	PI	Completed
50	Waterfront Toronto	Contract	The sustainable communities data portal	\$40,000		Mar-14	Mar-15	Co-PI with E Miller	Completed
51	Region of Peel	Contract	Developing TDM evaluation tool	\$55,000	\$55,000	Mar-14	Mar-15	PI	Completed
52	Dean's Strategic Fund	Operating Grant	Establishment of Univ. of Toronto Transportation Research Institute	\$200,000		Mar-13	Mar-15	Co-PI with E Miller	Completed
53	Metrolinx	Contract	Modelling commuting mode choice of cross-regional commuters	\$50,666	\$25,333	Mar-13	Mar-15	Co-PI with A Shalaby	Completed
54	NSERC Engage - City of Toronto	Grant	Effects of trans. Sys. performance and weather on bike sharing demand	\$25,000	\$25,000	Mar-14	Oct-14	PI	Completed

55	NSERC Discovery Grant	Grant	Process oriented dynamic travel demand model	\$95,000	\$95,000	Mar-09	Mar-14	PI	Completed
56	NSERC Engage - 407 ETR	Grant	Modelling travel cost elasticity measures for the residences of GTHA	\$25,000	\$25,000	Mar-13	Oct-13	PI	Completed
57	Summerhill Impact and Ontario Centre of Excellence	Grant	Effects of incentives in driving behaviour	\$7,500	\$7,500	Mar-12	Mar-13	PI	Completed
58	Canadian Transportation Research Forum	Grant	Assessing truck parking effects on traffic congestion	\$15,000	\$7,500	Mar-12	Mar-13	Co-PI with M Roorda	Completed
59	Univ. of Toronto Start-up Grant	Grant	Next generation travel demand models	\$70,000	\$70,000	May-10	May-12	PI	Completed
60	NSERC Discovery Grant Supplement	Grant	Process oriented dynamic travel demand model	\$5,000	\$5,000	Mar-11	Mar-12	PI	Completed
61	Metrolinx	Contract	Accessibility - land use and transportation performance measure	\$73,700	\$28,000	Mar-11	Mar-12	Co-PI with A El-Geneidy	Completed
62	Metrolinx and Other Planning Agencies	Operating Grant	Establishing Travel Modelling Group (TMG)	\$150,000		Mar-11	Mar-12	Co-PI with E Miller	Completed

63	Centre for Transportation Engineering and Planning, Alberta Ministry of Transportation	Grant	Investigating mode switching behaviour in Calgary	\$25,000	\$12,500	Mar-11	Mar-12	Co-PI with L Kattan	Completed
64	NSERC Engage -COMB	Grant	Traffic O-D model for measuring out-of-home advertisement effects	\$25,000	\$25,000	Apr-11	Nov-11	PI	Completed
65	NSERC Engage - Auto Share	Grant	Users' behaviour of a carsharing program	\$23,800	\$23,800	May-10	Dec-10	PI	Completed
66	Toronto Atmospheric Fund	Grant	Data and modelling need for weekend travel demand	\$10,000	\$10,000	May-10	Dec-10	PI	Completed
67	Univ. of Alberta	Grant	Econometric modelling of travel demand and land use	\$75,000	\$75,000	May-08	May-10	PI	Completed
68	Centre for Transportation Engineering and Planning, Alberta Ministry of Transportation	Grant	Modelling drivers' en-route decision under variable message signs	\$80,000	\$40,000	Mar-08	Mar-10	Co-PI with L Kattan	Completed

PART 2 – RESEARCH PRODUCTS

Peer-reviewed journal papers: Published/In-Press	199
Peer-reviewed journal papers: Under review/Preparation	8
Book chapters	7
Peer-reviewed (full paper) conference presentations	183

19. Habib, K.M.N., Sasic, A. “Mobility tool ownership and peak period non-work travel mode choices”. Presented at the 91st Annual Meeting of Trans. Res. Board, January 22–26, 2012, Washington DC.
18. Habib, K.M.N., Han, X., Lin, W.H. “Joint modelling of propensity and distance for walk trip generation”. Presented at the 91st Annual Meeting of Trans. Res. Board, January 22–26, 2012, Washington DC.
17. Costain, C., Ardron, C., Habib, K.M.N. “Synopsis of users’ behaviour of a carsharing program: A case study in Toronto”. Presented at the 91st Annual Meeting of Trans. Res. Board, January 22–26, 2012, Washington DC.
16. Osman, A., Habib, K.M.N., Shalaby, A. 2012. “Investigating the effects of psychological factors measured in a semantic scale on commuting mode choice behaviour”. Presented at the 91st Annual Meeting of Trans. Res. Board, January 22–26, 2012, Washington DC.

15. Habib, K.M.N., Carrasco, J. “Trivariate model for social activity scheduling: Start time, with-whom and time allocation”. Presented at the 90th Annual Meeting of Trans. Res. Board, January 22–27, 2011, Washington DC.
14. Habib, K.M.N. 2011. “A RUM based dynamic activity scheduling model: Application in weekend activity scheduling”. Presented at the 90th Annual Meeting of Trans. Res. Board, January 22–27, 2011, Washington DC..
13. Habib, K.M.N., Tian, Y., Zaman, H. “Modelling carpool mode choice with explicit consideration of willingness to consider carpool in the choice set formation”. Presented at the 90th Annual Meeting of Trans. Res. Board, January 22–27, 2011, Washington DC.

12. Kattan, L., Habib, K.M.N., Nadeem, S., Islam, T. 2010. “Modelling travellers’ response to incident information provided by variable message sign in Calgary, Canada”. Presented at the 89th Annual Meeting of Trans. Res. Board, January 10–14, 2010, Washington DC.

11. Paez, A., Habib, K.M.N., Bonin, J. “Joint frequency and time allocation model for shopping trip: Lesson from time use survey data”. Presented at the 88th Annual Meeting of Trans. Res. Board, January 11–15, 2009, Washington DC.

10. Habib, K.M.N., Morency, C., Zaman, H. “Modelling activity persistence and usage of car sharing in Montreal”. Presented at the 88th Annual Meeting of Trans. Res. Board, January 11–15, 2009, Washington DC.
9. Habib, K.M.N., Kattan, L., Islam, T. “Why do the people use transit? A critical investigation of Calgary transit users using latent discrete choice modelling”. Presented at the 88th Annual Meeting of Trans. Res. Board, January 11–15, 2009, Washington DC.
8. Habib, K.M.N., Kockelman, K. “Modeling the choice of residential location and home type: recent movers in Austin, Texas”. Presented at the 87th Annual Meeting of Trans. Res. Board, January 13–17, 2008, Washington DC.
7. Habib, K.M.N., Miller, E.J., Axhausen, K.W. “Investigating weekly activity-travel agenda formation using multi-week trip diary data”. Presented at the 87th Annual Meeting of Trans. Res. Board, January 13–17, 2008, Washington DC.
6. Habib, K.M.N., Carrasco, J.A., Miller, E.J. “The social context of activity scheduling: A discrete-continuous model of the relationship between “with whom” and activity episode start time and duration”. Presented at the 87th Annual Meeting of Trans. Res. Board, January 13–17, 2008, Washington DC.
5. Elgar, I., Miller, E.J., Habib, K.M.N. “Modelling mobility decisions of small office firms: Impacts on urban transportation system”. Presented at the 87th Annual Meeting of Trans. Res. Board, January 13–17, 2008, Washington DC.
4. Habib, K.M.N., Miller, E.J. “Modelling daily travel-activity program generation considering within-day and day-to-day dynamics”. Presented at the 86th Annual Meeting of Trans. Res. Board, January 21–25, 2007, Washington DC.
3. Roorda, M.J, Miller, E.J., Habib, K.M.N. “Validation of TASHA: A 24-hour travel-activity microsimulation model”. Presented at the 86th Annual Meeting of Trans. Res. Board, January 21–25, 2007, Washington DC.
2. Habib, K.M.N., Miller, E.J. “Modelling individuals’ frequency and time allocation behaviour for shopping trips/activities considering household-based random effects”. Presented at the 85th Annual Meeting of Trans. Res. Board, January 22–26, 2006, Washington DC.
1. Habib, K.M.N., Miller, E.J. “Modelling workers’ skeleton travel-activity schedules”. Presented at the 85th Annual Meeting of Trans. Res. Board, January 22–26, 2006, Washington DC.

Abstracts in Refereed Conference Presentations – CD or Proceedings (Only abstract is peer reviewed)

108. Liu, Y., Shakib, S., Miller, E.J., Habib, K.M.N., “What Drives you to Relocate your Home? Investigating Preferences and Residential Mismatching of Recent Movers in the Greater Toronto Area and Effects in Post-Pandemic Era”. 17th International Conference on Travel Behavior Research (IATBR) Vienna 2024, July 14th - 18th

107. Liu, Y., Shakib, S., Habib, K.M.N., “Analyzing Post-Pandemic Residential Preferences and Telecommuting-Induced Dissonance Using Latent Class Discrete Choice Model”. 17th International Conference on Travel Behavior Research (IATBR) Vienna 2024, July 14th - 18th
106. Mashrur, S.K., Habib, K.M.N., “Transit Pass Ownership as a Potential Source of Heterogeneity in the Determinants of Ride-sourcing Use in Metro Vancouver”. 17th International Conference on Travel Behavior Research (IATBR) Vienna 2024, July 14th - 18th
105. Wang, K., Li, M., Habib, K.M.N., “Deriving Weeklong Activity-Travel Dairy from Google Location History: Survey Tool Development and A Field Test in Toronto”. 17th International Conference on Travel Behavior Research (IATBR) Vienna 2024, July 14th - 18th
104. Ong, F., Lavoie, B., Habib, K.M.N., “Relax on the Way to Work or Work on the Way to Relax? Influences of Vehicle Interior on Travel Time Perceptions in Autonomous Vehicles”. 17th International Conference on Travel Behavior Research (IATBR) Vienna 2024, July 14th - 18th
103. Mak, A., Mashrur, S.K., Habib, K.M.N., “Transit Assignment with Activity-Travel Scheduling in An Agent-Based Modelling Framework”, 2024 Transportation Association of Canada Conference, September 24, Vancouver. (*first-place winner of the 2024 Transportation Association of Canada (TAC) Student Paper Prize*)
102. Hossain, S., Loa, P., Ong, F., Habib, K.M.N., “Have the Determinants of Bike-Share Demand Changed in Response to the COVID-19 Pandemic? A Machine Learning-based Approach”, Canadian Transportation Research Forum 58th Annual Conference, May 7-10, 2023, Hyatt Regency, Toronto, Canada
101. Loa, P., Ong, F., Habib, K.M.N., “Factors Influencing the Use of Ride-sourcing by People With Mobility Impairments The Case of Metro Vancouver”, Canadian Transportation Research Forum 58th Annual Conference, May 7-10, 2023, Hyatt Regency, Toronto, Canada
100. Mashrur, S.K., Habib, K.M.N., “Developing A Multimodal Network Microsimulation Model for A Regional Agent-Based Travel Demand Modelling for the Greater Toronto and Hamilton Area (GTHA)”. ITS Canada Conference, June 14-16, 2023 in Windsor, Ontario
99. Gong S., Wang, K., Mashrur, S.K., Habib, K.M.N. “Creating an integrated agent-based travel demand model by combining CUSTOM and MATsim: a case study of Liège, Belgium”. MATSim User Meeting 2023. on 5 September, 2023. ETH Zurich, Switzerland.
97. Wang, K., Mashrur, S.K., Habib, K.M.N., “Microsimulation of Regional Travel Demand through Advanced Econometrics and Large-Scale Agent-based Network Simulation for the Greater Toronto and Hamilton Area”. Transportation Research Board (TRB) Innovations in Travel Analysis and Planning Conference June 4-6, 2023, Indianapolis, Indiana
96. Ong, F., Loa, P., Habib, K.M.N. “Post-Pandemic Modality Profiles for the Non-Commuting Trips in the GTHA”. Presented at the 2022 CITE Conference, May 29-June 1, 1088 Burrard Street, Vancouver, BC
95. Loa, P., Ong, F., Habib, K.M.N. “How has Anticipated Post-Pandemic Ridesourcing Use Changed during the Covid-19 Pandemic: Evidence from a 2-Cycle Survey in the Greater

- Toronto Area”. Presented at the 2022 CITE Conference, May 29-June 1, 1088 Burrard Street, Vancouver, BC
94. Liu, Y., Loa, P., Wang, K., Habib, K.M.N. “A Multitask Learning Deep NN Model for Joint RP-SP”, Presented at the 16th IATBR Conference, December 11-15, 2022, Santiago, Chile.
 93. Mashrur, S.K., Wang, K., Habib, K.M.N. “Impact of COVID-19 on Transit Demand”, Presented at the 16th IATBR Conference, December 11-15, 2022, Santiago, Chile.
 92. Shakib, S., Habib, K.M.N. “RI in Residential Mobility and Home Location Choices”, Presented at the 16th IATBR Conference, December 11-15, 2022. Santiago, Chile.
 91. Loa, P., Habib, K.M.N. “Explicit Consideration of Ride-Sourcing in Model Choice Models”, Presented at the 16th IATBR Conference, December 11-15, 2022, Santiago, Chile.
 90. Dianat, A., Wang, K., Habib, K.M.N. “COVID-19 Impacts on Daily Activity Time Expenditure Choices”, Presented at the 16th IATBR Conference, December 11-15, 2022, Santiago, Chile.
 89. Hossain, S., Loa, P., Ong, F., Habib, K.M.N. “Exploring the Impacts of the COVID-19 Pandemic on Bicycle Sharing Demands in Toronto.” Presented at the 2021 TAC Conference & Exhibits. Sep 19-22, 2021, Quebec City, Quebec
 88. Hossain, S., Loa, P., Wang, K., Mashrur, Sk., Dianate, A., Habib, K.M.N. “A comprehensive data fusion exercise to evaluate the impacts of COVID-19 on passenger travel demand in the GTA”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021
 87. Loa, P., Hossain, S., Mashrur, Sk., Liu, Y., Wang, K., Ong, F., Habib, K.M.N. “Exploring the Impacts of the COVID-19 Pandemic on Modality Profiles for Non-Mandatory Trips in the Greater Toronto Area”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021
 86. Loa, P., Ong, F., Habib, K.M.N. “Assessing the Competition of Transportation Network Companies and Public Transit in the Greater Vancouver Region”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021
 85. Mashrur, Sk., Wang, K., Hossain, S., Loa, P., Habib, K.M.N. “An Assessment of the Impacts of COVID-19 Lockdown in Summer 2020 on Transit Use in the Greater Toronto Area”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021
 84. Shakib, S., Hawkins, J., Habib, K.M.N. “To What Extent the COVID-19 Related Lockdowns May Influence the Household Relocation Decisions?”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021
 83. Liu, Y., Miller, E.J., Habib, K.M.N. “Combining Smartphone App into a Web-based Smart Survey Tool”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021
 82. Salehin, F., Habib, K.M.N. “Travel Demand Modelling in the Context of Transformative Transportation Technologies”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021

81. Wang, K., Liu, Y., Mashrur, Sk., Loa, P., Habib, K.M.N. “COVid-19 influenced Households’ Interrupted Travel Schedules (COVHITS) Survey: Lessons from the Fall 2020 Cycle”. Presented at the *Engineering Research Days: Empowering Innovation*. Faculty of Applied Science and Engineering, University of Toronto. June 24-25, 2021
80. Hossain, S., Loa, P., Wang, K., Mashrur, S.K., Dianat, A. “A Comprehensive Data Fusion Exercise to Evaluate the Impacts of COVID-19 on Passenger Travel Demands in the Greater Toronto Area”. Presented at the 56th Canadian Transportation Research Forum (CTRF) Conference. May 16-19, 2021 (online)
79. Habib, K.M.N., Sukhai, M.A., Emerson, R.W., Greco, L. “Looking Forward: Autonomous Vehicles and Accessibility. The Landscape from an Accessibility Perspective, Steps towards Realizing Enhanced Mobility for Persons who are Blind or have Sight Loss”. Paper presented at the Business of Automated Mobility Forum conference, Nov 5-6, 2020 (online)
78. Loa, P., Hawkins, J., Habib, K.M.N. “Using SP Experiments to Understand the Impacts and Utilization of Ride-Hailing Services in the City of Toronto”. Paper Presented at the Joint Meeting of the Shared-Use Vehicles and Ridesharing Solutions Sub-Committees (AP020-1 and AP020-2) of the Transportation Research Board. January 15, 2020, Washington DC.
77. Li, W., Shalaby, A, Habib, K.M.N. “Exploring the Ridership Impacts of Ride-Hailing Services in Multimodal Transit System across Time Periods”. Paper Presented at Conference on “Research and Applications on the Use of Massive Passive Data for Public Transport”, 8-10 July 2019. Paris, France
76. Loa, P., Hossain, S., Habib, K.M.N. “Understanding the Influence of Built Environment and Zonal Attributes on the Relationship between Public Transit and Ride-Hailing Services”. Paper Presented at Conference on “Research and Applications on the Use of Massive Passive Data for Public Transport”, 8-10 July 2019. Paris, France
75. Rashedi, Z., Habib, K.M.N. “Capturing Endogenous Network Externalities in a Mode Choice Model”. Paper presented at the 15th International Association of Travel Behaviour Research (IATBR) Conference, July 15-20, 2018, Santa Barbara, California.
74. Weiss, A., Salehin, M.F., Habib, K.M.N. “Evidence-based Assessment of the Impacts of Autonomous Vehicle Systems on Transportation Demands in the Greater Toronto and Hamilton Area”. Paper presented at the 15th International Association of Travel Behaviour Research (IATBR) Conference, July 15-20, 2018, Santa Barbara, California.
73. Hawkins, J., Weiss, A., Habib, K.M.N. “Household-level Dynamics in Residential Choice Modelling with a Latent Auction Method”. Paper presented at the 15th International Association of Travel Behaviour Research (IATBR) Conference, July 15-20, 2018, Santa Barbara, California.
72. Chung, B., Srikukenthiran, S., Miller, E.J., Habib, K.M.N. “Development of a Web Survey Builder Platform for Household Travel Surveys”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
71. Weiss, A., Hasnine, S., Martinson, R., Fadi, J., Habib, K.M.N. 2017. Measuring pedestrian perception of walking. *Journal of Transport & Health*. Volume 7, Supplement. Pages: S62-S63
70. El-Assi, W., Morency, C., Miller, E.J., Habib, K.M.N. “Investigating the Capacity of Continuous Household Travel Survey in Capturing the Temporal Rhythm of Travel

- Demands”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
69. Habib, K.N., Miller, E.J., Srikukenthiran, S., Lee-Gosselin, M., Morency, C., Roorda, M.J., Shalaby, A. “TTS 2.0: A Research and Development (R&D) Project on Passenger Travel Survey Methods”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
 68. Harding, C., Srikukenthiran, S., Miller, E.J., Habib, K.M.N. “Evaluation of cost-effectiveness and feasibility of in-person surveys as an augment to the regional travel survey: a case study in the Toronto area”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
 67. Harding, C., Zhang, Z.T., Srikukenthiran, S., Miller, E.J., Habib, K.M.N. “On the User Experience and Performance of Smartphone Apps as Personalized Travel Survey Instruments: Results from an Experiment in Toronto”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
 66. Harding, C., Zhang, Z.T., Srikukenthiran, S., Miller, E.J., Habib, K.M.N. “An Experimental Study for Evaluating Smartphone Apps as Personalized Passenger Travel Survey Tools in Toronto”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
 65. Hasnine, S., Habib, K.M.N., “Using Google Map to Input Transportation Level of Service Attributes: Application in Tour-based Mode Choice Modelling”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017
 64. Srikukenthiran, S., Lin, T., Miller, E.J., Habib, K.M.N. “Impact of a Multiple Survey Frames on Data Quality of Household Travel Surveys: The case of the 2016 Transportation Tomorrow Survey”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
 63. Srikukenthiran, S., Lin, T., Miller, E.J., Habib, K.M.N. “Inverted Sampling Frames to overcome Under-Coverage of specific Population Cohorts: Examining the viability of recruiting households via employers and institutions”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017.
 62. Wielinski, G., Trepanier, M., Morency, C., Habib, K.M.N. “Measuring Carsharing Behavioural Change Over Eight Years of Passive Data Stream: Results and Methodological Challenge”. Presented at the 11th International Conference on Transport Survey Methods, Quebec, September 24-29, 2017
 61. Weiss, A., Hasnine, S., Habib, K.M.N. 2017. “Comparing the Generalized Spatially Correlated Logit (GSCL) and the Spatially Weighted Error Correlation (SWEC) Model for Capturing the Intricacies of Spatial Choices”. Presented at the 2017 International Symposium of Locational Decisions. July 9-14, 2017, Toronto.
 60. Trépanier, M., Morency, C., Habib, K.M.N. “Étude de la dynamique du comportement des usagers à l’intérieur d’un écosystème de services d’autopartage à Montréal” 52^e Congrès de l’Association québécoise des transport, April 03-05, 2017, Montreal, Canada
 59. Morency, C., Trépanier, M., Habib, K.M.N., Salem S. “Quand le pont dicte le trajet! (When the bridge dictates the path)”. 50^e Congrès de l’Association québécoise des transport, March 30-April 01, 2015, Montreal, Canada.
 58. Akbari, S., Hasnine, S., Papaioannou, E., Bernardino, A., Habib, K.M.N. “Modelling the tipping point of home and mobility ownership changes: A joint econometric investigation on housing & mobility tool ownership change in the face of increasing commuting cost in

- the Greater Toronto and Hamilton Area”. Presented at the 14th IATBR Conference, July 19-23, 2015, Windsor, UK
57. Weiss, A., Habib, K.M.N., “Intra-household interactions in peak period household travel demand: A joint econometric investigation to overcome missing data issue in revealed preference survey”. Presented at the 14th IATBR Conference, July 19-23, 2015, Windsor, UK
 56. Salem, S., Habib, K.M.N., “Use of repeated crosssectional travel surveys to develop a meta-model of activity-travel scheduling process”. Presented at the 14th IATBR Conference, July 19-23, 2015, Windsor, UK
 54. Papaioannou, E., Habib, K.M.N., “A study of CHOICE: Car and house ownership in the face of increasing the commuting cost”. Presented at the 14th IATBR Conference, July 19-23, 2015, Windsor, UK
 53. Mahmoud, M., Habib, K.M.N., Shalaby, A. “Data fusion of revealed and stated preference information for joint estimation of mode choice models: A case study on cross-regional intermodal commuting trips in the Greater Toronto and Hamilton Area”. Presented at the 14th IATBR Conference, July 19-23, 2015, Windsor, UK
 52. Wenneman, A., Roorda, M., Habib, K.M.N. “Commercial vehicle parking citations, parking supply, and parking demand: A case study in Toronto”. Presented at the 9th International Conference on City Logistic, June 17-19, 2015, Tenerife, Canary Island, Spain
 51. Mahmoud, M., El-Assi, W., Habib, K.M.N., Shalaby, A. “How active modes compete with motorized modes in high-density areas: A case study of Downtown Toronto”. Presented at the 50th Annual Conference of Canadian Transport Research Forum (CTRF), May 24-26, 2015, Montreal, Canada
 50. Li, L., Hasnine, S., Habib, K.M.N., Persaud, B. Shalaby, A. “Looking at a niche category of traffic fatality: Applying ordered probability model to identify influencing factors affecting pedestrian-cyclist injury severity in Toronto”. Presented at the 50th Annual Conference of Canadian Transport Research Forum (CTRF), May 24-26, 2015, Montreal, Canada
 49. Miller, E.J., Lee-Gosselin, M., Habib, K.M.N., Roorda, M.J., Morency, C., Shalaby, A. “A framework of urban passenger data collection”. Presented at the 10th International Conference on Transport Survey Methods. Sydney, Australia, Nov. 16–21, 2014.
 48. Weiss, A., Hasnine, M., Habib, K.M.N. “Travel demand management evaluation tool: Opportunity for evidence-based policy selection”. Presented at the ACT Canada Sustainable Mobility and Healthy Community Summit, Markham, Ontario, Canada, Nov. 30–Dec. 3, 2014.
 47. El-Assi, W., Mahmoud, M., Habib, K.M.N. “Factors driving public bike share demand: The case of Bike Share Toronto”. Presented at the ACT Canada Sustainable Mobility and Healthy Community Summit, Markham, Ontario, Canada, Nov. 30–Dec. 3, 2014.
 46. Nourinejad, M., Papaioannou, E., Roorda, M., Habib, K.M.N. “Simulation of a winter storm on an urban corridor”. Presented at the 49th CTRF Conference, Windsor, Canada, June 1–4, 2014.
 45. Weiss, A., Mahmoud, M., Kucireck, P., Habib, K.M.N. “Developing a dynamic agent-based multimodal traffic simulation model for transport planning and simulation”. Presented at the 49th CTRF Conference, Windsor, Canada, June 1–4, 2014.

44. Garcés, P.G., Sánchez, T.R., Habib, K.M.N. “Effects of travel behaviour change programs on time allocation to driving”. Presented at the Conference of Pan American Society for Transport Research, Santander, Spain, June 11–13, 2014.
43. Wenneman, A., Roorda, M., Habib, K.M.N. “Investigating the relationship between illegal commercial vehicle parking, parking demand, and the built environment”. Presented at the 49th CTRF Conference, Windsor, Canada, June 1–4, 2014.
42. Weiss, A., Mahmoud, M., Kucireck, P., Habib, K.M.N. “Issues and strategies involved in developing an agent-based multimodal network simulation model for transportation planning: Lessons from a case study in the Greater Toronto and Hamilton Area”. Paper presented at Transportation Association of Canada (TAC) Conference, Winnipeg, Manitoba, September 22–25, 2013.
41. Papaioannou, E., Habib K.M.N. “Moving towards smart mobility and residential relocation in response to increasing driving cost”. Paper presented at the QUEST EVVE Conference, Ottawa, October 21, 2013.
40. Wenneman, A., Nourinejad, M., Habib, K.M.N., Roorda, M. “Truck parking in urban areas: Application of choice modelling within traffic microsimulation”. Paper presented at the METRANS Urban Freight Conference, Los Angeles, USA, October 5, 2013.
39. Nourinejad, M., Wenneman, A., Habib, K.M.N., Roorda, M. “Truck parking in urban areas: Application of choice modelling within traffic microsimulation”. Paper presented at the 48th Annual CTRF Conference, Halifax, Canada, June 10–12, 2013.
38. Nourinejad, M., Wenneman, A., Habib, K.M.N., Roorda, M. “Truck parking in urban areas: Application of choice modelling within traffic microsimulation”. Paper presented at the Complete Street Forum Conference, Toronto, Canada, May 27, 2013.
37. AbdulAzim, T., Abdelgawad, H., Habib, K.M.N., Abdulhai, B. “Connected travellers: Advanced activity, vehicle data and information services using smartphones”. Paper presented at the ITS Canada Annual Conference-Intelligent Transport for Smart Cities, Toronto, Canada, May 26, 2013.
36. Krumdieck, S., Page, S., Habib, K.M.N., Watcharasukarn, M. “Travel adaptive capacity: Investigating demographic factors and different urban forms”. Paper presented at the Energy Conference, Wellington, New Zealand, February 12–14, 2013.
35. Mahmoud, M., Habib, K.M.N., Shalaby, A. “Modelling transit mode choice for inter-regional commuting trips: Joint model of mode choice, access mode choice and access station choice”. Paper presented at the ACT Canada Sustainable Mobility Summit, Hamilton, Canada, November 2, 2012.
34. Wong, B., Habib, K.M.N., Elias, W., Shiftan, Y. “Linking daily short-term activity-travel decision with long-term housing choices: Joint RP-SP based econometric approach”. Paper presented at the 13th IATBR Conference, Toronto, Canada, July 15–20, 2012.
33. Morency, C., Habib, K.M.N., Trépanier, M., Salem, S. “Route choice modelling for urban commuters: Considering bridge choice as a key determinant of selected routes”. Paper presented at the 13th IATBR Conference, Toronto, Canada, July 15–20, 2012.
32. Sasic, A., Habib, K.M.N. 2012. “A heteroskedastic GEV model with a cross-nested/overlapping choice set: Application in modelling commuting departure time choices in GTHA”. Paper presented at the 13th IATBR Conference, Toronto, Canada, July 15–20, 2012.

31. Foresay, D., Habib, K.M.N., Miller, E.J., Shalaby, A. 2012. "The transferability of work trip mode choice models in an expanding suburban area: The case of York Region, Ontario". Paper presented at the 13th IATBR Conference, Toronto, Canada, July 15–20, 2012.
30. Habib, K.M.N, Swait, J., Salem, S. 2012. "Investigating structural changes in commuting mode choice preferences with repeated crosssectional travel survey data: The context of GTHA". Paper presented at the 13th IATBR Conference, Toronto, Canada, July 15–20, 2012.
29. Moniruzzaman, M., Paez, A., Habib, K.M.N., Morency, C. "Mode of travel and trip length of seniors with a focus on walking". Paper presented at the International Conference on Aging, Mobility and Quality of Life (AMQoL), Ann Arbor, USA, June 24–26, 2012.
28. Habib, K.M.N., Carrasco, J. "Trivariate model for social activity scheduling: Start time, with-whom and time allocation". Paper presented at the 12th World Conference on Transportation Research Conference, Lisbon, Portugal, July 11–15, 2010.
27. Tudela, A., Habib, K.M.N. Osman, A. "Semantic approach of capturing psychological factors affecting mode choice: Comparative results from two countries in North America". Paper presented at 9th International Conference on Travel Survey Methods. Puyehue, Chile, November 14–18, 2011.
26. Habib, K.M.N., Swait, J. "Using scale heterogeneity to characterize the impact of transport supply changes on demand: Mode choice in the GTA from 1986 to 2006". Paper presented at the Computer application in Urban Planning and Urban Management Conference, Banff, Canada, July 2011.
25. Osman, A., Habib, K.M.N., Shalaby, A. "Investigating the effects of psychological factors measured in a semantic scale on commuting mode choice behaviour". Paper presented at the Computer Application in Urban Planning and Urban Management Conference, Banff, Canada, July 2011.
24. Osman, A., Habib, K.M.N., Shalaby, A. "Modal shift forecasting model for transit service design". Paper presented at the CASPT Conference, Santiago, Chile, July 23–27, 2012.

PART 3 – TEACHING AND SUPERVISION

TEACHING EXPERIENCE

Instructor: University of Toronto, Toronto, Canada

- CME 263: Probability Theory for Civil and Mineral Engineers (Winter 2011–Winter 2016)
- CIV 1520: Travel Survey Methods (Fall 2010–Present)
- CIV531: Transportation Planning (Fall 2015–Present)
- CIV 1504: Applied Probability and Statistics in Civil Engineering (Fall 2017–Present)
- CIV 1538: Demand Analysis (Winter 2012–Present)
- CIV 1599: Transport Economics (Winter 2016, Offered as a reading course)
- CIV 1505: Transportation Research Seminars (Fall and Winter 2012–Fall 2016)

Instructor: University of Alberta, Edmonton, Canada

- CIVE 315: Introduction to Transportation Engineering (Winter 2009 and 2010)
- CIVE 612: Transportation Planning (Fall 2008 and 2009)
- CIVE 613: Travel Demand and Transportation Policy Analysis (Fall 2009)

Instructor: Bangladesh University of Engineering & Technology, Dhaka, Bangladesh

- Traffic Engineering Sessional (4th-year civil engineering): June 2000–August 2003
- Transportation Engineering Sessional (3rd-year civil engineering): June 2000– August 2003
- Engineering Material Sessional (2nd-year civil engineering course): June 2000–August 2003
- The strength of Materials Sessional (2nd-year civil engineering course): June 2000–August 2003

Sessional Instructor: University of Toronto, Toronto, Canada

- CIV 1504: Applied Probability and Statistics for Civil Engineers (Fall 2007)

Sessional Instructor: The University of Toronto at Scarborough, Scarborough, Canada

- Geography and Planning C18: Urban Transportation Policy Analysis (Winter 2005)

Student Name	Thesis Topic	Co-Supervisor	Year of Graduation
26. Qian Zhang	Use of AI and ML to Model Location Choices	Professor Xin Ye, Tongji University	Sep. 2024-Sep. 2025
25. Sumaya Afroz	Household-Level Energy Demand Modelling		Sep. 2024-Aug 2028
24. Ming (Melvyn) Xi Li	Data for Advancing Travel Demand Model		Sep. 2024-Aug 2028
23. Felita Ong	On-Demand Mobility and Mobility Tool Ownership Choices		Sep. 2022-Aug 2026
22. Kaili Wang	Next-Generation Activity-Based Travel Demand Modelling		Sep. 2021-Aug 2025
21. Yicong (Nora) Liu	Housing Market Demand Modelling	Prof. Eric J. Miller of UofT	Sep. 2021-Aug 2025
20. Md. Faizus Salehin	Enhanced Travel Demand Model for Behavioural Adaptation under the Automated Vehicle System		Sept. 2017-Sept. 2021
19. Tamer AbdulAzim	Connected Travellers: A Real-Time Intelligent Framework to Automate the Collection of Personal Travel Data Using Smartphones	B. Abdulhai (Civil Eng.)	Jan. 2010–Aug. 2020

Completed Ph.D. Students:

Student Name	Thesis Topic	Co-Supervisor	Year of Graduation
18. Alireza Dianat	Activity-Scheduling and Emergence in Telecommuting Lifestyle		Jan. 2019- Jan. 2023
17. Saeed Shakib	Capturing Residential Preference Changes through Perception Detections of Rationally Inattentive Decision Makers		Jan. 2019- July. 2023
16. Patrick Loa	Expanding on the Understanding of Ride-Sourcing through the Examination of Understudied Aspects of Ride-sourcing Use Adoption and Usage		Sept. 2019- Dec 2023
15. Sk. Md. Mashrur	Multifaceted Investigations on Transit Demand Resilience: Guiding Frameworks for Policy Developments toward Sustainable Future Urban Transit		Sept. 2019- July 2023
14. Suxia Gong	Comprehensive Utility Maximizing System of Travel Option Modelling (CUSTOM) Implementation for Belgium	Prof. Mario Cools, Liège University, Belgium	Sep 2022 – Mar 2023
13. Xin Guan	Route Choice Behaviour of Travellers in Shanghai using Mobile Phone and GPS Data	Prof. Xin Ye of Tongji University, Chine	Sep 2021-Aug 2022 *Visiting Ph.D. Student at UofT
12. Ya Gao	Impact of High-Speed Rail on Inter-City Commuter Mode Choice	Prof. PanHaiXiao of Tongji University, Chine	Sep 2021- April 2023 *Visiting Ph.D. Student at UofT
11. Sanjana Hossain	Data Fusion Methods to Support Travel Demand Modelling in Emerging Contexts		Sept. 2017- Sept. 2022
10. Gozde Bakioglu	Autonomous Vehicle Ownership Choice Model	Prof. Ali O. Attahan, Istanbul Technical University, Turkey	Sept. 2019- Sept 2020 *Visiting Ph.D. Student at UofT

9. Zohreh Rashedi	Mode Choice Modelling Subject to Challenges Coming from Input Data Sources		Sept. 2014– Dec. 2021
8. Jason Hawkins	Modelling Spatial Location Choice and Transition for a Changing Urban Landscape		Sept. 2017- March. 2021
7. Sami Hasnine	Modelling Daily Tour-based Mode Choices for Activity-Travel Schedules		Jan. 2015– Feb. 2019
6. Saidal Akbari	Land-use and Transportation Interactions through the Lenses of Two-Worker Households, Rising Commuting Costs and Transit-Oriented Development		Sept. 2013– Mar. 2018
5. Leila Dianat	Week-Long Model of Non-Work Activity Scheduling	E.J. Miller	Sept. 2011– Sept. 2017
4. Adam Weiss	Intra-Household Interactions in Travel Demand Models		Sept. 2013– Sept. 2017
3. Sarah Salem	Investigating Temporal Transferability of Activity-Based Travel Demand Modelling Approaches		Sept. 2011– Sept. 2016
2. Mohamed Mahmoud	Demand Modelling of Cross-Regional Commuting Trips in Multimodal Networks	A. Shalaby (Civil Eng.)	Sept. 2011– May 2015
1. Ahmed Osman Idris	Modal Shift Forecasting Models for Transit Service Planning	A. Shalaby (Civil Eng.)	May 2008– August 2013

Post-Doctoral Fellows:

Student Name	Thesis Topic	Year
8. Saeed Shakib	Land-Use and Transportation Interaction Modelling	2023-2024
7. Sk Md Mashrur	Transit Demand Modelling	2023-2024
6. Md. Sami Hasnine	Activity-based Travel Demand Microsimulation	2019
5. Adam Weiss	Demand Estimation in the Context of Automated Vehicle Technologies	2017-2017
4. Ehab Diab	GO Transit Smart Card Data to Investigate Transit Usage Behaviour	2017
3. Ahmadreza Faghih-Imani	TTS2.0: Core-Satellite Approach of Passenger Travel Survey	2016-2018
2. Siva Srikukenthiran	TTS2.0: Core-Satellite Approach of Passenger Travel Survey	2017– 2018
1. Siva Srikukenthiran	TTS2.0: Core-Satellite Approach of Passenger Travel Survey	2015– 2016

Current M.A.Sc. Students:

Student Name	Thesis Topic	Co-Supervisor	Year of Graduation
26. Tyler Hu	Operation Activity-Based Model for the GTHA		Sep. 2024-Aug 2026

Completed M.A.Sc. Students:

Student Name	Thesis Topic	Co-Supervisor	Year of Graduation
25. Ming (Melvyn) Xi Li	TRavel Activity Internet Survey Interface (TRAISI): Interactive and Dynamic Data Collection tool		Sep. 2022-Aug 2024
24. Brenden Lavoie	Autonomous Vehicles: How They Can Transform Perceived Travel Times and Toronto's Transportation Network in the Process		Sep. 2021-May 2023
23. Felita Ong	The Adoption, Use, and Impacts of Ride-sourcing Services in the Metro Vancouver Area		Sep. 2020-Aug 2022
22. Kaili Wang	Challenges, Issues and Opportunities in Household Travel Surveys	E.J. Miller	Sept. 2019-Aug 2021
21. Yicong Lui (Nora)	Combining a Smartphone App into a Web-based Smart Survey Tool	E.J. Miller	Sept. 2019-Aug 2021
20. Albert Lo	Evaluating the Impacts of Transit Investments on Travel Demands		Sept. 2017-Aug 2019
19. Sina Azizisoldouz	Automated/Connected Automated Transportation System and the Perspective of Most Vulnerable Roads User (People with Vission loss)		Sept. 2017-Aug 2019
18. Wenting Li	Investigating the Competition between Ride-hailing Service and Public Transport in the City of Toronto	A. Shalaby	Sept. 2017-Aug 2019
17. Patrick Loa	Design and Implementation of Core-Satellite Structure for Urban Passenger Data		Sept. 2017-Aug 2019
16. Brittany Chung	ST AISI: State of The Art Internet Survey Interface	E. Miller	Sept. 2016-Aug 2018
15. Wafic El-Assi	Investigating the Capacity of Household Travel Surveys in		Sept. 2015– Aug 2016

	Replacing Traditional Cross-sectional Surveys		
14. James Lamers	Understanding the Travel Behaviour of Families with Dependent Children Within the Context of Activity Based Modelling		Sept. 2014–Dec. 2016
13. Vivian Hui	Transportation and Social Equity of Homeless People in Toronto		Sept. 2013– Aug. 2015
12. Sami Hasnine	A Comprehensive Study on the Effectiveness of Office-Based TDM Policies		Sept. 2013–Apr. 2015
11. Adam Wenneman	Commercial Vehicle Operations in Urban Areas: Identifying Policies to Reduce Negative Impacts	M. Roorda (Civil Eng.)	Sept. 2012–Aug. 2014
10. Eilli Papaioannou	A Study of Car and House Ownership in the face of Increasing Commuting Expenses (CHOICE)		Sept. 2012–Aug. 2014
9. Adam Weiss	Investigating Modal Captivity for Commuting in the Greater Toronto and Hamilton Area		Sept. 2011– Aug. 2013
8. Billy Wong	Evaluating the Effects of Accessibility to Transit Stations on Intercity Mode Choice: Application of Web-based Stated Preference Survey		Sept. 2011–Aug. 2013
7. Yuan Tian	Modelling Activity Location Choice for Trip Destination Models		Sept. 2010–Aug. 2011
6. Ana Sasic	Modelling Departure Time and Mode Choice: Evaluating of Dynamic Transportation Policies		Sept. 2010–May 2012
5. Joydip Majumder (University of Calgary)	Traveller’s Response to Real Time Traffic Information: A Case Study on Variable Message Signs in Calgary	L. Kattan (University of Calgary)	Sept. 2009–Aug. 2011

3. Md. Hamid Zaman (University of Alberta)	Investigation of Commuting Mode Choice with Respect to TDM Policies		Sept. 2008–May 2010
2. Md. Tazul Islam (University of Alberta)	Unravelling the Relationship between Trip Chain and Mode Choice using Structural Equation Modelling		Sept. 2008–May 2010

1. Nicholas Day	Modelling Mode Choice and Trip Timing for Work Trip	E. Miller (Civil Eng.)	Jan. 2007–Apr. 2008
-----------------	---	---------------------------	---------------------

Completed M.Eng./MSc. Students:

Student Name	Thesis Topic	Co-Supervisor	Year of Graduation
39. Akshay Brahmandevan	Assessing the Impacts of Ontario Line on Transportation and Land use in the Catchment Area		2025
38. Tashdid Haque	Telecommuting's Effect on Parking Demand in Downtown Toronto		2025
37. Jianwei Guo	Social Equity through the Lens of Household Travel Survey Data (2022-TTS)		2025
36. Mitan Mzouri M.Sc. in Sustainable Management (Inst. Of Management and Innovation)	Investigate the potential of series-hybrid vehicles as a viable solution to reduce greenhouse gas (GHG) emissions in the transportation sector		2024-2025
35. Nebosja Stulic (CEM Intern)	Agent-Based Pedestrian Simulation for Level of Service Assessment at Toronto Pearson Airport	Narendra Doshi	2025

Completed M.Eng. Students:

Student Name	Thesis Title	Year
34. Giovanni Dahani (CEM Intern)	Infrastructure Deterioration Model	2025
33. Matthew Rae (CEM Intern)	Application of Machine Learning to Fuse Signal Timing with Video Recorded Data for Intersection Safety Evaluation	2024
32. Liyuan Chen	Modelling Demand for Online Delivery	2023
31. May Lim M.Sc. in Sustainable Management (Inst. Of Management and Innovation)	Sustainable Demand Management: Electric Vehicle and Waterfront Development	2019
30. Seepedeh Sahabadi- M.Sc. in Sustainable Management (Inst. Of Management and Innovation)	Transit First and Last Mile Problems in Toronto	2019
29. Hangyang Zhang (EMMA)- MEng (Civil)	Modelling Home and Work Location Choices	January 2018- August 2018

28. Yixi Luo	MEngCEM Project: Smart-phone based Personal Travel Survey	Summer 2017
27. Tamer Ladan	MEng (Civil) Project: Modelling satellite surveys for active travel in the City of Ottawa	Summer 2017
26. Imran Sharif us Salam	MEng (Civil) Project: A Multimodal Traffic Assignment Model for the Greater Toronto and Hamilton Area	Summer 2016
25. Tian Lin (CEM Intern)	MEngCEM Project: Data Imputation for Passenger Travel Demand	Summer 2016
24. Mustafa Ersin Sharier	MEng (Civil) Project: Investigating Place of Residence and Place of Employment Choices	Fall 2015
23. Mehmetcan Ersoz (University of Toronto)	MEng (Civil) Project: Feasibility of a Highway Project in Niagara Peninsula	Fall 2015
22. Khwaja M Waker (University of Toronto)	MEng (Civil) Project: Use of GIS to Evaluate the Impact of 2008-2009 Economic Recession in the GTHA	Spring 2015
21. Jacob Louie (University of Toronto)	MEng (Civil) Project: Building statistical models to predict durations of subway system incidences	Fall 2014- Spring 2015
20. Aitor Imaz (University of Toronto)	MEng (Civil) Project: Investigating the Factors Affecting Transit User Loyalty	Summer 2013
19. Saidal Akbari (University of Toronto)	MEng (Civil) Project: Oil Vulnerability in the Greater Toronto Area: Spatial Analyses of Socioeconomic Risks from Higher Fuel Prices	Winter-Spring 2013
18. Kareem Kobeissi (University of Toronto)	MEng (Civil) Project: Modelling Intercity Mode Choice by using RP Data	Summer 2012
17. Pushpa Adhikary (University of Toronto)	MEng (Civil) Project: Coding and Calibrating TransCAD Network Model for GTHA	Fall 2011
16. Cindy Costain (University of Toronto)	MEng (Civil) Project: Investigating Users' Behaviour of a Carsharing Program	Summer 2011
15. Carolyn Ardron (University of Toronto)	MEng (Civil) Project: Evaluating Potential Impact of Weekend Traffic Emission in Reaching Toronto's GHG Emission Reduction Target	Summer 2011
14. Mohammed Mouattamid (University of Alberta)	MEng (Civil) Project: EM Algorithm for Non-Parametric Estimation of Mixing Distribution	Winter-Spring 2010
13. Mohammed Almasi (University of Alberta)	MEng (Civil) Project: Microscopic Transportation Analysis of Highway 16A in Stoney Plain Using VISSIM	Winter-Spring 2010
12. Yasin Zia (University of Alberta)	MEng (Civil) Project: Investigating Time Expenditure Behaviour using Canadian Time use Survey Data	Winter-Spring 2010
11. Shariq Khan (University of Alberta)	MEng (Civil) Project: Collecting Psychometric Data on Selected Sample-3 in Edmonton	Winter-Spring 2010

10. Mohammad Munir (University of Alberta)	MEng (Civil) Project: Collecting Psychometric Data on Selected Sample-2 in Edmonton	Fall 2009
9. Raquibul Hasan Waheed (University of Alberta)	MEng (Civil) Project: Collecting Psychometric Data on Selected Sample-1 in Edmonton	Fall 2009
8. Nasrullah Dogar (University of Alberta)	MEng (Civil) Project: Designing a Psychometric Survey for Mode Choice Modelling	Fall 2009
7. Parsa Shirvani (University of Alberta)	MEng (Civil) Project: Developing a Simulation Tool for Policy Evaluation using Discrete Choice Model	Fall 2009
6. Ashfaq Ahmed (University of Alberta)	MEng (Civil) Project: Transportation Planning Practice in Small City: A Case Study on Red Deer, Alberta	Winter-Spring 2009
5. Mehdi Khan (University of Alberta)	MEng (Civil) Project: Relationship between Transportation Accessibility, Urban Form, and Housing Market	Winter-Spring 2009
4. Adnan Akram (University of Alberta)	MEng (Civil) Project: Transit Oriented Development for Edmonton Region	Fall 2008
3. Amir Bhurgri (University of Alberta)	MEng (Civil) Project: Evaluating Transit Investment with Respect to Urban Growth	Fall 2008
2. Saeed Hamidi (University of Alberta)	MEng (Civil) Project: Evaluating Latent Demand for Transit Extension	Fall 2008
1. Arif Ali (University of Alberta)	MEng (Civil) Project: Estimating GHG from Road Construction Projects	Summer 2008

Current Undergraduate Thesis Students:

Student Name	Thesis Title	Year
39. Yuna Lee	Review of Safety Improvement Evaluation Methods of Urban Signalized Intersections	Jan 2025– May 2025
38. Nick Zhu	Transit Demand Shift in York and Durham in Post-COVID	Sep. 2024– May 2025

30. Patrick Loa	EngSci-3 rd Year	Household Travel Survey Issues: Literature Review	2015- Summer Fellow
29. James Scott	Civil Engineering-2nd Year	Developing a Microsimulation Model for Activity-travel Demand	2014–Summer Fellow
28. Wafiq El-Assi	Civil Engineering-3rd Year	Estimating Bike Sharing Demand in Toronto	2014–Summer Fellow
27. Safinur Majumder	Civil Engineering-3rd Year	Activity Scheduling in Time and Space	2014–Summer Fellow
26. Zijun He	Engineering Science-2nd Year	Developing a Microsimulation Model for Population Synthesis	2014- Summer NSERC USRF

25. Savannah Forest	Civil Engineering-2nd Year	Developing a Microsimulation Model for Population Synthesis	2014- Summer NSERC USRF
24. Yiwei Yan	Civil Engineering-2nd Year	Developing Accessibility Indices from Land Use and Transportation Network Data	2013– Summer Fellow
23. Yinjiao Hu	Civil Engineering-3rd Year	Detailing Transit Network in MATSim for GTHA	2013– Summer Fellow
22. Ruoyan (Jenna) Wu	Civil Engineering-2nd Year	Developing Accessibility Indices from Land Use and Transportation Network Data	2013– Summer Fellow
21. Pan Ding	Civil Engineering-2nd Year	Developing Accessibility Indices from Land Use and Transportation Network Data	2013–Summer Fellow
20. Mohammed Mohannad	Civil Engineering-3rd Year	Detailing Transit Network in MATSim for GTHA	2013– Summer Fellow
19. Meng Liu	Civil Engineering-2nd Year	Developing Accessibility Indices from Land Use and Transportation Network Data	2013– Summer Fellow
18. Di Niu	Civil Engineering-2nd Year	Developing Accessibility Indices from Land Use and Transportation Network Data	2013– Summer Fellow
17. Ankit Bhardwaj	Civil Engineering-3rd Year	Developing Multimodal Transportation Network Simulation Model for the GTHA	2013 - Summer UTEA–NSERC
16. Vivian Hui	Engineering Science-4th Year	Issues of Transportation of Homeless People in Toronto	2012, 2013– Summer Fellow
15. Yi Liang	Engineering Science-2nd Year	Coding Transit Network Assignment for GTHA in MATSIM	2012, 2013– Summer Fellow
14. Tian Lin	Engineering Science-2nd Year	Coding Transit Network Assignment for GTHA in MATSIM	2012– Summer Fellow
13. Matthew Chan	Engineering Science-2nd Year	Coding Transit Network Assignment for GTHA in MATSIM	2012– Summer Fellow

12. Tarek Al-Fotou	Civil Engineering-2nd Year	Generating Land Use Attributes for the GTHA by using GIS	2012, 2013– Summer Fellow
11. Yiding Hu	Civil Engineering-2nd Year	Generating and Validating Transit Network Level-of-Service Attributes	2012–Summer Fellow
10. Adham Bakr	Civil Engineering-2nd Year	Generating Land Use Attributes for the GTHA by using GIS	2012– Summer Fellow
9. Emil Jayatileke	Civil Engineering-2nd Year	Canadian Travel Survey: Investigating Spatial Transferability	2011– Summer Fellow
8. Emma (Xiao Han)	Civil Engineering-3rd Year	Direct Demand Model for Non-motorized Transport	2011– Summer Fellow
7. Ishwar Purushottam	Engineering Science-3rd Year	Identifying Sheppard Line Feasible OD pairs	2011, 2012, 2013– Summer Fellow
6. Yinji Wang	Civil Engineering-3rd Year	Transportation Expenditure in Canada	2011– Summer Fellow
5. Zhong Yi Wan	Engineering Science-2nd year	Developing Web-based Survey Tool	2011- Summer NSERC USRF
4. Landy Cheung	Engineering Science-4th Year	Model Transferability and Entropy Analysis for Project Evaluation	2011– Summer Fellow
3. Joyce Cheung	Civil Engineering-2nd Year	Imputing Activity Classification in TTS Datasets	2011– Summer Fellow
2. Maya Nastic	Engineering Science-1st Year	Developing Datasets for Joint Mode and Departure Time Choice Modelling	2011– Summer Fellow
1. William Lin	Engineering Science-1st Year	Creating a Historical GIS Database for GTHA	2011– Summer Fellow

Postgraduate (PG) Research Associates:

Name	Degree and Position	Research Topics/Project	Year and Position
10. Kavitha Mekala	Programmer	TRAISI development	Jan 2020-Jan 2022
9. Albert Lo	Data Analyst	Presto Data Analysis and Fusion	Sept 2019 – March 2020
8. Oliver Liang	Python/.Net Programmer	TRAISI Software Development	May 2019-Oct 2019

7. Tian Lin, M.Eng-CEM	Analyst	TTS2.0 Project: Results of 2016 TTS and Field Test Specifications	Jan 2017-Aug 2017
6. Brain Prieur	Computer Programmer	TTS2.0 Project: Developing Front-End of Web Survey Tool	Summer 2016
5. David La	Computer Programmer	TTS2.0 Project: Developing Front-End of Web Survey Tool	Summer 2016
4. Dr. Mohammed Mahmoud	Ph.D. in Civil & Post Doctoral Fellow	Stated Preference survey design and Transit Oriented Design study	Summer 2015
3. Dr. Siva Srikukenthiran	Ph.D. in Civil & Post Doctoral Fellow	TTS2.0 Project: Improving Household Travel Survey in the GTHA	Summer 2015-Summer 2018
2. Mohammed Rashed, B.A.Sc	B.A.Sc in EngSci & Research Associate	TTS2.0 Project: Improving Household Travel Survey in the GTHA	Summer 2015
1. Shashank Pulikanti, B.A.Sc	B.A.Sc in EngSci & Research Associate	TTS2.0 Project: Improving Household Travel Survey in the GTHA	Summer 2015

Completed Research Mentoring for Galbraith Society:

Name	Department	Research Topics/Project	Year
5. Mohammad Molani	Civil Engineering-2nd Year	Public Transit and Society	2012–2013
4. Candice Chan	Engineering Science-3rd Year		
3. Ankit Bhardwaj	Civil Engineering-2nd Year	Transportation and Society: Implications of our Activity-travel Choices	2011–2012
2. Vivian Hui	Engineering Science-2nd Year		
1. Candice Chan	Engineering Science-3rd Year		

High School Research Analysts/Assistants (RA):

Name	School	Research Topics/Project	Year
1. Smita Basak	Bloor Collegiate Institute, Class of 2023	Bicycle Sharing Demand during COVID-19 Outbreaks in Toronto	Summer 2022

MAJOR AWARDS RECEIVED BY MY CURRENT AND PAST HQPS

- Sumaiya Suma:
 - Connaught International Doctoral Scholarship
- Melvyn Li:
 - TISC Ph.D. Scholarship 2024-2028
- Kaili Wang:
 - Ontario Graduate Scholarship (OGS)
- Felita Ong:
 - 2023 NSERC PGS
- SK Mashrur:
 - Ontario Graduate Scholarship (OGS), NSERC PostDoc
- Patrick Loa:
 - TISC Ph.D. Scholarship 2019-2023, NSERC PostDoc
- Jason Hawkins
 - NSERC PGS; CRDCN Emerging Scholars Grant 2019 (Statistics Canada), Ontario Graduate Scholarship (OGS); NSERC PostDoc
- Md Faizus Salehin
 - Connaught International Doctoral Scholarship
- Sanjana Hossain
 - Trillium International Doctoral Scholarship, NSERC PostDoc
- Albert Lo:
 - TISC MASc scholarship: 2017-2019
- Zohreh Rashedi:
 - Ontario Graduate Scholarship (OGS)
- Sami Hasnine:
 - NSERC PGS, NSERC PostDoc
- A. Weiss:
 - Ontario Graduate Scholarship (OGS)
- M. Tazul Islam:
 - Alberta Innovates Graduate Scholarship, Honorary Izaak Walton Killam Memorial Scholarship
- A. Osman Idris:
 - Ontario Graduate Scholarship (OGS)

PART 4 – SERVICES

UNIVERSITY of TORONTO ADMINISTRATIVE POSITIONS

- MEng (Transportation) and Meng City Engineering Management Emphasis Coordinator, Civil & Mineral Engineering, June 2024-To Date
- Member, Civil & Mineral Engineering Workload Committee: 2024-2025
- Chair of Undergraduate Studies Committee (USC) of Civil & Mineral Engineering (Fall 2019- June 2023)

- Associate Director (2018-to Date), Data Management Group (DMG), UTTRI: I provide advice and guidance on managing and disseminating Transportation Tomorrow Survey (TTS) data
- Section Chair/Coordinator of Transportation Engineering (Jan 2019-June 2023), Department of Civil & Mineral Engineering.
- Members of Academic Steering Committee of UTTRI: Sept 2019 to Date
- Member of Faculty Council, Faculty of Applied Science and Engineering (FASE), University of Toronto: 2010–Present
 - Member of the Faculty Academic Appeal Board (June 2017- June 2020): Members meet to evaluate the appeals submitted by undergraduate students on a variety of academic matters.
 - Member of the committee evaluating a faculty-level graduate course on quantitative methods (September 2018-Present): The committee is working on assessing the feasibility of setting faculty-level graduate courses on quantitative methods.
- Member of School of Graduate Studies (2010–Present): Member serving the examination committees and chairing the Ph.D. examinations.
- Member of “School of Cities” Interim Working Group (June 2017-Present): Members are working to develop the organizational structure and governance of the newly established cross-disciplinary unit, the School of Cities at the University of Toronto.
- Member of Departmental Council of the Dept. of Civil & Mineral Engineering, University of Toronto: 2010–Present
 - Awards Committee (September 2018-2019): members evaluate the faculty members to nominate for various awards.
 - Graduate appeal committee (2013–2018): members evaluate appeals submitted by graduate students for various academic matters.
 - Graduate admission committee (2014–2019): members evaluate various issues related to graduate admission.
 - Member of examination and degree committee (2010–2013): member evaluating the conditions/requirement for degree completions.
 - Informal evaluations (through attending dinner) for faculty hiring (three geotechnical candidates) in 2014
 - Informal evaluations (through one-to-one meetings) for faculty hiring (two candidates for joint appointment between Civil and CGEN) in 2019
 - Member of the tenure reading committee of a Faculty member of Civil & Mineral Engineering in 2017
 - Member of the tenure reading committee of a Faculty member of Civil & Mineral Engineering in 2023
 - Member of the tenure review committee (3rd year review) of 2 Faculty members of Civil & Mineral Engineering in 2024
 -
- Associate Member, University of Toronto Transportation Research Institute (UTTRI) (2013–present)
- Associate Member, Innovative Mobility Lab (IML) of School of Cities, University of Toronto (2021- present)
- Associate Member, Urban Transportation Research and Advancement Centre (UTRAC): 2010–2013

- Member of Ontario Graduate Scholarship (OGS) application selection committee (2012): I evaluate OGS applications.
- Ph.D. Comprehensive Examination Committees:
 - Ahmed Osman Idris (2010); Kasra Razaee (2011); Siva Srikukentrian (2011); Tamer AbdulAzim (2011); Toka Mostafa Muhammad (2012); Aya Aboudina (2012); Chris Bachmann (2012); Samah El-Tantawy (2012); Leila Dianat (2012); Sarah Salem (2012); Shabnam Mustari (2013); Alaa Sindi (2014); Adam Weiss (2014); Saidal Akbari (2014), Taha Islam (2015), Zohreh Rashedi Ashrafi (2015); Sina Bahramani (2016); Sami Hasnine (2016); Ayad Hammadi (2016); Wenxun-Ariel-Hu (2017); Gozde Ozondar (2017); Taras Romancyshyn (2018); Jason Hawkins (2018); Tufayel Chowdhury (2018); Lina El-Murshedi (2018); Sanjana Hossain (2019); Md Faizus Salehin (2019); Usman Ahmed (2020); Farrah Ghizzawi (2021); Patrick Loa (2021); Chandler White (2022); Feras El-Said (2022); Tinayu Shi (2022); César Maia de Souza (2022); Jiaxin (Jason) Zhang (2022); Ladan Berahman (2022); Yicong (Nora) Liu (2022)
- Ph.D. Dissertation Committees (Departmental and SGS Examinations):
 - Mahmoud Osman (2011); Rinaldo Cavalcante (2012); Samah El-Tantawy (2012) Brice Sherman (2014); Kasra Razaee (2014); Glareh Amirjamshidi (2014); Siva Srikukenthiran (2015); Saral Salem (2016); Tamer AbdulAzim (2016); Toka Mustafa Muhammad (2017); Adam Weiss (2017); Saidal Akbari (2018); Islam Kamel (2018); Sami Hasnine (2019); Sina Bahrami (2019); Ran Tu (2020); Wnexun Hu (2022); Lina El-Murshedi (2022); Ahmed Acra (2022)
- Chair of Comprehensive Examination Committees:
 - Reza Ahani (Concrete Materials: 2012); Michael Colalillo (Structure: 2012); Sara Sadreddini (Env.: 2013); Bangbiao Wu (Geotech: 2014); Ding Wang (Env.: 2014); Qi Zhao (Geotech: 2015); Runxioa Zhang (Concrete: 2015); Giorgio Proestos (Structure: 2016), Seyedfarid Mirahadi (Geoscience: 2017); Pedram Mortazavi (Structure: 2018); Sharon Mondair (Water Resource: 2018); Amirreza Mahpour (Construction: 2019); Kelsey Smith (Water/Environment: 2020); Fico Dio Agrensa (Mining: 2022)
- Chair of Departmental Ph.D. Examination Committees:
 - Li Hong Shen (Env.: 2010); Trevor Hrynyk (Structural: 2012); Allan Chiwai Kuan (Structure: 2022); Myron Zhong (Structure: 2022)
- Chair of SGS Ph.D. Examinations:
 - Jason Zebchuk of ECE (August 2013); Omair Noor of Chemistry (April 2015); Seyed Mahdi Hamidinejad of Industrial Engineering (Dec 2018); Murtaza Hassan of Chemistry (2021)
- Masters Thesis Second Reader/Reviewer:
 - Joshua Wang (2011); Malvika Rudra (2014); Alexander Lee (McGill University, 2015); Yiwei Yang (2015); Stephanie Pham (2017); Sirui Zhu (2017); Gregory Lue (2017); Bo Wang (2020)
- Member of Faculty Council, Faculty of Applied Science and Engineering, University of Alberta: 2008–2010
- Member of the departmental council of the Dept. of Civil & Env. Engineering, University of Alberta: 2008–2010
 - Transportation Engineering Group Coordinator: 2008–2010
 - Member of Academic Planning Committee: 2008–2010

SERVICES: EXTERNAL DEPARTMENTS & UNIVERSITIES

- Tenure Committees:
 1. Member of the reading committee of tenure evaluation for 1 faculty member of the Department of Geography and Planning, University of Toronto Scarborough. Nov 2019
 2. A reviewer of the tenure application of 1 faculty member of the Department of Civil & Environmental Engineering of the American International University of Beirut, Lebanon. Dec 2019

- Ph.D. External Examiner of Other University Students
 - A. Masoud (2021). Ph.D. Thesis “A Suit of Neighbourhood Design Evaluation Tools to Help Sustain a Desired Quality of Life”. UBC Okanagan, Canada.
 - M. Harikrishna (2012). Ph.D. Thesis “Behavioural modelling of leisure travel”. Department of Civil Engineering. Indian Institute of Technology Roorkee
 - K. Narayan (2014). Ph.D. Thesis “Impact of integration of transport system on modal shift”, Department of Civil Engineering, Anna University, India
 - M. Lutfur Rahman (2017). Ph.D. Thesis “Modelling flyover induced travel demand in Dhaka, Bangladesh”. Department of Civil Engineering and Built Environment. Queensland University of Technology, Australia
 - S. Jian (2017). Ph.D. Thesis “Understanding and optimizing Carsharing system”. School of Civil and Environmental Engineering, University of New South Wales
 - B. Sharma (2018). Ph.D. Thesis “Strategic Approach in Analyzing the Demands for Park-and-Ride Facilities”, School of Civil Engineering, Faculty of Engineering, Architecture and Information Science. University of Queensland
 - Y. Mingzhu (2019). Ph.D. Thesis “Modelling household’s long-term mobility and residential decisions and short-term time use/travel choices: group decision-based approach”. Department of Geography. Hong Kong Baptists University
 - R. Krueger (2019). PhD Thesis “Mixture Model of Travel Demand Analysis”. School of Civil & Environmental Engineering. University of New South Wales, Australia

EXTERNAL PROFESSIONAL ORGANIZATION/GROUPS

- Member-at-large, Canadian Society of Civil Engineering (CSCE) Board of Directors: 2024-Present
- Member of Transportation Information Steering Committee (TISC) for organizing Regional Household Travel Survey in the Greater Toronto and Hamilton Area (GTHA): 2016-Present
- Member of 2016 Transportation Tomorrow Survey (TTS) Technical Advisory Committee (TAC): 2016-2017
- Member of Technical Advisory Committee of Data Management Group (DMG), the University of Toronto. 2015-Present
- Member of Technical Advisory Committee of Travel Modelling Group (TMG), the University of Toronto. 2010-Present
- Member of Travel Demand Modelling (TDM) Coordination Board of Ontario, Metrolinx: 2012–2018

CONFERENCE / WORKSHOP ORGANIZATION

1. Moderator and Organizer: “TRB Workshop on Doctoral Research in Transportation Modeling and Travel Behavior” in the Annual Meeting of Transportation Research Board (TRB), Jan 5, 2025, Washington DC
2. Session Chair: “What can disparate data sources tell us about travel patterns? Case studies using Big Data, travel demand models, and GTFS provide insight.” Conference organized by the TRB. June 4-6, Indianapolis, USA
3. Steering Committee Member of “Innovation in Travel Analysis and Planning” Conference organized by the TRB. June 4-6, Indianapolis, USA
4. Chair and Organizer of 2 Lectern and 5 Poster sessions in the Annual Meeting of Transportation Research Board (TRB), Jan 2023, Washington DC
5. Workshop Moderator: “Virtual Activities, Travel Behavior and Demand Management in a Post-Pandemic Era”. Jan 13, 2022, Washington DC
6. Session Chair: “Depth and Breadth of COVID-19 Impacts on Travel Behavior” Annual Meeting of Transportation Research Board (TRB), Jan 11, 2022, Washington DC
7. Session Chair: “Sharing Economy and its Impacts” Annual Meeting of Transportation Research Board (TRB), Jan 13, 2020, Washington DC
8. Session Chair: “Advances in Travel Behaviour Analysis” Annual Meeting of Transportation Research Board (TRB), Jan 14, 2019, Washington DC
9. Session Chair: “Advances in Travel Behavior Analysis” Annual Meeting of Transportation Research Board (TRB), Jan 10, 2018, Washington DC
10. Session Chair: “Spatio-Temporal Choice” 15th International Association of Travel Behaviour Research (IATBR), July 15-20, 2018, Santa Barbara, California
11. Member of paper review committee (reviewed 13 abstracts) of 15th International Association of Travel Behaviour Research (IATBR), July 15-20, 2018, Santa Barbara, California
12. Member of program/organizing committee: 11th International Conference on Travel Survey Method: Transportation Survey Method in the Era of Big Data, Sep 24-29, 2017, Quebec, Canada
13. Chair of the Workshop on “The State of Practice in Household Travel Survey” 11th International Conference on Travel Survey Method: Transportation Survey Method in the Era of Big Data, Sep 24-29, 2017, Quebec, Canada.
14. Chair of the organizing committee of the 4th Trottier Symposium on Sustainable Engineering, Energy, and Design: “Transportation: What’s Fueling the Transition”. April 11-12, HEC Montreal.
15. Organizer and moderator: “Workshop 1 – Transportation and Energy Demand: Role of Evidence-based Analysis in Planning and Policy Implementations”. April 11, HEC Montreal
16. Chair and organizer of the workshop on “Field Testing of Travel Survey” for the Data Management Group (DMG) to MTO, Nov 23, 2016, Toronto
17. Session Chair: ‘Behavioural Process’, Annual Meeting of Transportation Research Board (TRB), Jan 10, 2017, Washington DC
18. Session Chair: “Methodological Advances in Travel Behaviour Research Part I”, Annual Meeting of Transportation Research Board (TRB), Jan 11, 2016, Washington DC
19. Organizer and Speaker of the workshop on “Emerging Issues in Household Travel Survey that Require Pilot Testing” Organized by the Data Management Group (DMG), University of Toronto, Toronto, Canada, Nov 25, 2015
20. Organizer and Speaker of the workshop on “Research and Development for Survey Methods of Household Travel Surveys in the Greater Toronto and Hamilton Areas” for the Data Management Group (DMG), University of Toronto, Toronto, Canada, June 19, 2015
21. Organizer and Speaker of the workshop on “Travel survey methods issues and options for the Greater Golden Horseshoe”. Organized by the Data Management Group (DMG), University of Toronto, Toronto, Canada, October 3, 2014.

22. Organizer and Speaker of the 1st Research Day of The University of Toronto Transportation Research Institute (UTTRI) on “Advanced in modelling methods”. University of Toronto, Toronto, Canada, November 25, 2013.
23. Scientific Committee Member of the 2nd International Conference on Civil, Offshore and Environmental Engineering, Kuala Lumpur, Malaysia, June 3–5, 2013.
24. Scientific Committee Member of the 2nd International Conference on the Sustainable Systems and Environment, Sharjah, United Arab Emirates, February 12–13, 2013
25. International Program Committee Member of the 24th International Association of Science and Technology for Development (IASTED) Conference on Modelling and Simulation, Banff, Canada, July 17–19, 2013.
26. Technical Paper Reviewer of World Congress of Transportation Research (WCTR) conference, Rio De Janerio, Brazil, July 15–18, 2013.
27. Session Chair, Session S27, “Route choice: Data and model”. July 17: 11:00 am–12:30 pm, Room-York, Royal York Hotel, 13th IATBR Conference, Toronto, Canada, 2012.
28. Session Chair, Session S6, “Car ownership: Model”. July 16: 11:00 am–12:30 pm, Room-Manitoba, Royal York Hotel, 13th IATBR Conference, Toronto, Canada, 2012.
29. Session Chair, Session 669, “Methodological advances in activity and travel modeling”. January 24: 7:30 pm–9:30 pm, Hilton, Columbia Hall 8, TRB Annual Meeting, Washington DC, USA, 2012.
30. Organizer and opening speaker, a workshop on “Recent advances in choice modeling: theoretical developments and practical applications”. January 22: 9:00 am–12:00 pm, TRB Annual Meeting, Washington DC, USA, 2012.
31. Session Chair, Session 710, “Automobile ownership decision making and modeling”. January 25, 8:30 am–10:15 am, TRB Annual Meeting, Washington DC, USA, 2012.
32. Member of the organizing committee of 13th International Association for Travel Behaviour Research Conference, Toronto, Canada, 2012.
33. Member of the International Scientific Committee. 9th International Transportation Specialty Conference. Organized by the Canadian Society of Civil Engineering. Edmonton, June 6–9, 2012.
34. Member of the Greater Toronto and Hamilton Area, Travel Demand Management Coordination Committee (March 2011–To date).
35. Organizing Committee Member, ITE-CSCE joint Symposium on Sustainable Transportation (Edmonton, Canada, March 2009).
36. Session Organizer, 12th Annual Conference of Intelligent Transportation Systems Society of Canada (Edmonton, Canada, May 2009).
37. Technical Committee Member, Alberta Traffic Safety Committee of Ministry of Transportation Alberta (2008–2010).
38. Technical Committee Member, Traffic Safety and Transportation Planning, City of Edmonton (2008–2010).
39. Advisor, ITE Student Chapter, University of Alberta (2008-2010).
40. Scientific Committee Member, International Symposium and Workshop on Sustainable Transport for Developing Countries, September 2008, Dhaka, Bangladesh.
41. President, Institute of Transportation Engineers Chapter at the University of Toronto (2005–2007).
42. General Secretary, Institute of Transportation Engineers Chapter at the University of Toronto (2005–2006).
43. Activity Coordinator, Civil Engineering Graduate Student Association, University of Toronto (2005–2007).
44. Workshop Organizer, Student Caucus of Major Collaborative Research Initiatives (MCRI), University of Toronto (2005).
45. Workshop Organizer, Professional Practice, and Academic Research in Civil Engineering, University of Toronto (2005).
46. Workshop Organizer, Bridging the Gap between Theory and Practice: Example of Large-Scale Civil Engineering Constructions (Airport), University of Toronto (2005).

47. Conference Volunteer, IEEE - ITSC Conference, 2006.

PEER REVIEWING PROJECT PROPOSALS AND COMPETITION APPLICATIONS

1. Canada Foundation of Innovation (CFI) John R. Evans Leaders Fund Competition
2. C-TEP (Alberta Ministry of Transportation) Annual Research Project Competition
3. Engineering and Physical Sciences Research Council (EPSRC), UK's Research Grant Application
4. FONDECYT program, Government of Chile
5. Hongkong Research Grant Council (RGC)
6. IATBR 2013 Eric I Pass Ph.D. Dissertation Award Competition
7. Internal Research Grant program of the City University of New York
8. Khalifa University of Science and Technology, Qatar Research Program
9. King Fahd University Research Program
10. Kuwait Foundation of Advance Sciences
11. Member of MITACS College of Reviewers (COR): 2012–Present
12. MITACS Elevates Program Application for Post Doctoral Fellowship
13. MITACS Accelerate Program Application for Post Doctoral Fellowship
14. Netherlands Organization for Scientific Research (NWO)
15. NSERC Discovery Grant Application
16. NSF Peer Review of Proposal on Methodology
17. ORTEC: Oregon Transportation Research and Education Consortium
18. Ontario Research Fund (ORF) Early Researcher Awards (ERA)
19. Qatar National Research Fund: QNRF Program
20. SSHRC Insight Grant
21. Swiss National Science Foundation Research Grant Program
22. University of Sharjah Research Grant
23. Urban Transportation Showcase Program, Transport Canada (2008–2009)
24. UofT Climate Positive Energy Initiative Research Proposals
25. Vernieuwingsimpuls Innovational Research Innovation Scheme Grant Proposal, Government of the Netherlands

PEER REVIEWING JOURNAL PAPERS & BOOK PROPOSALS:

Journal Papers:

- Annals of Tourism Research;
- Applied Spatial Analysis and Policy
- ASCE Journal of Construction Engineering and Management
- ASCE Journal of Transportation Engineering
- ASCE Journal of Urban Planning and Development
- Big Data Analytics
- Canadian Journal of Civil Engineering
- Case Studies on Transport Policies
- Computers, Environment and Urban Systems
- Economic Analysis and Policy
- Environment and Planning A

- European Journal of Transport and Infrastructure Research
- Geographical System
- IATBR Special Issues
- International Journal of Environmental Science and Technologies
- International Journal of Sustainable Transportation
- International Journal of Urban Science
- Journal Advanced Transportation
- Journal of America Planning Association
- Journal of Choice Modelling
- Journal of Geographical System
- Journal of Intelligent Transport
- Journal of Planning Education and Research
- Journal of Regional Science
- Journal of Retailing and Consumer Services
- Journal of Transport Geography
- Journal of Transportation and Land Use
- Journal of Urbanism
- Journal of Urban Planning and Development
- Land Use and Planning
- Public Transport
- Network and Spatial Economics
- Professional Geographer
- Research in Transport Economics
- Scientific Data of Springer Research
- Socio-economic Planning Science
- Transaction on Intelligent Transportation Systems
- Transport Policy
- Transport Reviews
- Transportation
- Transportation Letters
- Transportation Planning and Technologies
- Transportation Research Part A
- Transportation Research Part B
- Transportation Research Part C
- Transportation Research Part D
- Transportation Research Part E
- Transportation Research Record: Journal of Transportation Research Board
- Transportmetrica Part A
- Transportmetrica Part B
- Urban Planning and Transportation Research

Book Proposal for the Publishers:

- “A Smart City Development Model in the Fourth Industrial revolution” Elsevier, 2022

- “Shared Mobility, Transportation, Transportation Network Companies, Shared Economy”, Elsevier, 2019
- “Transportation Research Proceedings of the ISCTSC Quebec Conference”, Elsevier, 2018
- “Transportation Engineering”, Taylor and Francis, 2015
- “Transportation Demand Modelling”, Elsevier, 2016
- “Global Logistic Network Modelling and Policy Simulations”, Elsevier, 2017
- “The Mixed Methods Research Workbook: Activities for Designing, Implementing and Publishing Projects”, Sage Publishing, 2017
- “Transport System Optimization: Models and Application”, Elsevier 2017
- “Urban Parking Policy”, Elsevier 2017
